(including proposed amendments adopted in the 2001 Regular Session
to be submitted to the electors on November 5, 2002)

PREAMBLE

We, the people of Louisiana, grateful to Almighty God for the civil, political, economic, and religious liberties we enjoy, and desiring to protect individual rights to life, liberty, and property; afford opportunity for the fullest development of the individual; assure equality of rights; promote the health, safety, education, and welfare of the people; maintain a representative and orderly government; ensure domestic tranquility; provide for the common defense; and secure the blessings of freedom and justice to ourselves and our posterity, do ordain and establish this constitution.

ARTICLE I. DECLARATION OF RIGHTS

§1. Origin and Purpose of Government

Section 1. All government, of right, originates with the people, is founded on their will alone, and is instituted to protect the rights of the individual and for the good of the whole. Its only legitimate ends are to secure justice for all, preserve peace, protect the rights, and promote the happiness and general welfare of the people. The rights enumerated in this Article are inalienable by the state and shall be preserved inviolate by the state.

§2. Due Process of Law

Section 2. No person shall be deprived of life, liberty, or property, except by due process of law.

§3. Right to Individual Dignity

Section 3. No person shall be denied the equal protection of the laws. No law shall discriminate against a person because of race or religious ideas, beliefs, or affiliations. No law shall arbitrarily, capriciously, or unreasonably discriminate against a person because of birth, age, sex, culture, physical condition, or political ideas or affiliations. Slavery and involuntary servitude are prohibited, except in the latter case as punishment for crime.

§4. Right to Property

Section 4. Every person has the right to acquire, own, control, use, enjoy, protect, and dispose of private property. This right is subject to reasonable statutory restrictions and the reasonable exercise of the police power.

Property shall not be taken or damaged by the state or its political subdivisions except for public purposes and with just compensation paid to the owner or into court for his benefit. Property shall not be taken or damaged by any private entity authorized by law to expropriate, except for a public and necessary purpose and with just compensation paid to the owner; in such proceedings, whether the

purpose is public and necessary shall be a judicial question. In every expropriation, a party has the right to trial by jury to determine compensation, and the owner shall be compensated to the full extent of his loss. No business enterprise or any of its assets shall be taken for the purpose of operating that enterprise or halting competition with a government enterprise. However, a municipality may expropriate a utility within its jurisdiction.

Personal effects shall never be taken. But the following property may be forfeited and disposed of in a civil proceeding, as provided by law: contraband drugs; property derived in whole or in part from contraband drugs; property used in the distribution, transfer, sale, felony possession, manufacture, or transportation of contraband drugs; property furnished or intended to be furnished in exchange for contraband drugs; property used or intended to be used to facilitate any of the above conduct; or other property because the above described property has been rendered unavailable.

This Section shall not apply to appropriation of property necessary for levee and levee drainage purposes.

Amended by Acts 1989, No. 840, §1, approved Oct. 7, 1989, eff. Nov. 7, 1989.

No warrant shall issue without probable cause supported by oath or affirmation, and particularly describing the place to be searched, the persons or things to be seized, and the lawful purpose or reason for the search. Any person adversely affected by a search or seizure conducted in violation of this Section shall have standing to raise its illegality in the appropriate court.

§6. Freedom from Intrusion

Section 6. No person shall be quartered in any house without the consent of the owner or lawful occupant.

Section 8. No law shall be enacted respecting an establishment of religion or prohibiting the free exercise thereof.

§9. Right of Assembly and Petition

Section 9. No law shall impair the right of any person to assemble peaceably or to petition government for a redress of grievances.

§10. Right to Vote; Disqualification from Seeking or Holding an Elective Office

Section 10.(A) Right to Vote. Every citizen of the state, upon reaching eighteen years of age, shall have the right to register and vote, except that this right may be suspended while a person is interdicted and judicially declared mentally incompetent or is under an order of imprisonment for conviction of a felony.

(B) Disqualification. The following persons shall not be permitted to qualify as a candidate for elective public office or take public elective office or appointment of honor, trust, or profit in this state:

(1) A person who has been convicted within this state of a felony and who has exhausted all legal remedies, or who has been convicted under the laws of any other state or of the United States or of any foreign government or country of a crime which, if committed in this state, would be a felony and who has exhausted all legal remedies and has not afterwards been pardoned either by the governor of this state or by the officer of the state, nation, government or country having such authority to pardon in the place where the person was convicted and sentenced.

(2) A person actually under an order of imprisonment for conviction of a felony.

(C) Exception. Notwithstanding the provisions of Paragraph (B) of this Section, a person who desires to qualify as a candidate for or hold an elective office, who has been convicted of a felony and who has served his sentence, but has not been pardoned for such felony, shall be permitted to qualify as a candidate for or hold such office if the date of his qualifying for such office is more than fifteen years after the date of the completion of his original sentence.

When any person has been arrested or detained in connection with the investigation or commission of any offense, he shall be advised fully of the reason for his arrest or detention, his right to remain silent, his right against self incrimination, his right to the assistance of counsel and, if indigent, his right to court appointed counsel. In a criminal prosecution, an accused shall be informed of the nature and cause of the accusation against him. At each stage of the proceedings, every person is entitled to assistance of counsel of his choice, or appointed by the court if he is indigent and charged with an offense punishable by imprisonment. The legislature shall provide for a uniform system for securing and compensating qualified counsel for indigents.

§14. Right to Preliminary Examination

Section 14. The right to a preliminary examination shall not be denied in felony cases except when the accused is indicted by a grand jury.

§15. Initiation of Prosecution

Section 15. Prosecution of a felony shall be initiated by indictment or information, but no person shall be held to answer for a capital crime or a crime punishable by life imprisonment except on indictment by a grand jury. No person shall be twice placed in jeopardy for the same offense, except on his application for a new trial, when a mistrial is declared, or when a motion in arrest of judgment is sustained.

§16. Right to a Fair Trial

Section 16. Every person charged with a crime is presumed innocent until proven guilty and is entitled to a speedy, public, and impartial trial in the parish where the offense or an element of the offense occurred, unless venue is changed in accordance with law. No person shall be compelled to give evidence against himself. An accused is entitled to confront and cross-examine the witnesses against him, to compel the attendance of witnesses, to present a defense, and to testify in his own behalf. However, nothing in this Section or any other section of this constitution shall prohibit the legislature from enacting a law to require a trial court to instruct a jury in a criminal trial that the governor is empowered to grant a reprieve, pardon, or commutation of sentence following conviction of a crime, that the governor in exercising such authority may commute or modify a sentence of life imprisonment without benefit of parole to a lesser sentence which includes the possibility of parole, may commute a sentence of death to a lesser sentence of life imprisonment without benefit of parole, or may allow the release of an offender either by reducing a life imprisonment or death sentence to the time already served by the offender or by granting the offender a pardon.

§17. Jury Trial in Criminal Cases; Joinder of Felonies; Mode of Trial

A case in which the punishment may be confinement at hard labor or confinement without hard labor for more than six months shall be tried before a jury of six persons, all of whom must concur to render a verdict. The accused shall have a right to full voir dire examination of prospective jurors and to challenge jurors peremptorily. The number of challenges shall be fixed by law. Except in capital cases, a defendant may knowingly and intelligently waive his right to a trial by jury.

(B) Joinder of Felonies; Mode of Trial. Notwithstanding any provision of law to the contrary, offenses in which punishment is necessarily confinement at hard labor may be charged in the same indictment or information with offenses in which the punishment may be confinement at hard labor; provided, however, that the joined offenses are of the same or similar character or are based on the same act or transaction or on two or more acts or transactions connected together or constituting parts of a common scheme or plan; and provided further, that cases so joined shall be tried by a jury composed of twelve jurors, ten of whom must concur to render a verdict.

§18. Right to Bail

Section 18.(A) Excessive bail shall not be required. Before and during a trial, a person shall be bailable by sufficient surety, except when he is charged with a capital offense and the proof is evident and the presumption of guilt is great. After conviction and before sentencing, a person shall be bailable if the maximum sentence which may be imposed is imprisonment for five years or less; and the judge may grant bail if the maximum sentence which may be imposed is imprisonment exceeding five years. After sentencing and until final judgment, a person shall be bailable if the sentence actually imposed is five years or less; and the judge may grant bail if the sentence actually imposed exceeds imprisonment for five years.

(B) However, a person charged with a crime of violence as defined by law or with production, manufacture, distribution, or dispensing or possession with intent to produce, manufacture, distribute, or dispense a controlled dangerous substance as defined by the Louisiana Controlled Dangerous Substances Law, and the proof is evident and the presumption of guilt is great, shall not be bailable if, after a contradictory hearing, the judge or magistrate finds by clear and convincing evidence that there is a substantial risk that the person may flee or poses an imminent danger to any other person or the community.

This right may be intelligently waived. The cost of transcribing the record shall be paid as provided by law.

§20. Right to Humane Treatment

Section 20. No law shall subject any person to euthanasia, to torture, or to cruel, excessive, or unusual punishment. Full rights of citizenship shall be restored upon termination of state and federal supervision following conviction for any offense.

§21. Writ of Habeas Corpus

Section 21. The writ of habeas corpus shall not be suspended.

§22. Access to Courts

Section 22. All courts shall be open, and every person shall have an adequate remedy by due process of law and justice, administered without denial, partiality, or unreasonable delay, for injury to him in his person, property, reputation, or other rights.

§23. Prohibited Laws

Section 23. No bill of attainder, ex post facto law, or law impairing the obligation of contracts shall be enacted.

The legislature shall enact laws to implement this Section. The evidentiary and procedural laws of this state shall be interpreted in a manner consistent with this Section.

Nothing in this Section shall be construed to inure to the benefit of an accused or to confer upon any person the right to appeal or seek supervisory review of any judicial decision made in a criminal proceeding. Nothing in this Section shall be the basis for an award of costs or attorney fees, for the appointment of counsel for a victim, or for any cause of action for compensation or damages against the state of Louisiana, a political subdivision, a public agency, or a court, or any officer, employee, or agent thereof. The last day of publication shall be at least thirty days prior to introduction of the bill. The notice shall state the substance of the contemplated law, and every such bill shall recite that notice has been given.

All proceeds of the tax shall be used solely for the purpose or purposes set forth in the proposition.

(C) Parish Tax in Municipality. The amount of the parish tax for general purposes which any parish,

except Orleans Parish, may levy, without a vote of the electors, on property located wholly within any municipality which has a population exceeding one thousand inhabitants according to the last federal decennial census, or other census authorized by law, and which provides and maintains a system of street paving, shall not exceed one-half the tax levy for general purposes.

In the event of either of the above, the authorization for such fire and police millages herein shall be null, void, and of no effect. This provision shall mean that no appropriation for any calendar year from such additional revenues shall be made for any purpose for which a city appropriation was made in the previous year unless the total appropriations for that calendar year from the city for such purpose exceed city appropriations for the previous year. This provision shall in no way limit city appropriations in excess of the minimum amounts herein established.

(C) Bonds; Security. Nothing in this Section shall affect any sales or use tax authorized or imposed on the effective date of this constitution or affect or impair the security of any bonds payable from the proceeds of the tax.

(D) Exemptions; Protection of Bonds. Except when bonds secured thereby have been authorized, the legislature may provide for the exemption or exclusion of any goods, tangible personal property, or services from sales or use taxes only pursuant to one of the following:

(1) Exemptions or exclusions uniformly applicable to the taxes of all local governmental subdivisions, school boards, and other political subdivisions whose boundaries are not coterminous with those of the state.

(2) Exemptions or exclusions applicable to the taxes of the state or applicable to political subdivisions whose boundaries are coterminous with those of the state, or both.

(3) Exemptions or exclusions uniformly applicable to the taxes of all the tax authorities in the state.
Amended by Acts 1996, No. 46, §1, approved Nov. 5, 1996, eff. Dec. 11, 1996.

§30. Political Subdivisions; Taxing Power

Section 30.(A) A political subdivision may exercise the power of taxation, subject to limitations elsewhere provided by this constitution, under authority granted by the legislature for parish, municipal, and other local purposes, strictly public in their nature. This Section shall not affect similar grants to political subdivisions under self-operative sections of this constitution.

(B) Notwithstanding the provisions of Paragraph (A) of this Section, or any other provision of law to the contrary, no political subdivision shall submit the same tax proposition, or a new tax proposition that includes such a tax proposition, to the electorate more than once within a six month period except in the case of an emergency as determined by the governing authority of the political subdivision.

Amended by Acts 1995, No. 1329, §1, approved Oct. 21, 1995, eff. Nov. 23, 1995.

§30.1. Bonding and Taxing Authority of Certain Political Subdivisions and Other Public Entities

Section 30.1.(A) The Louisiana Recovery District shall have no power or authority, directly or indirectly, to incur debt or issue bonds after the effective date of this Section except to refund any such outstanding debt or bonds at a lower effective rate of interest. Any debt or bonds issued and outstanding on the effective date of this Section, or any debt incurred or bonds issued to refund such indebtedness or bonds as authorized by this Section shall be retired no later than the end of Fiscal Year 1998-1999. At such time as there is no debt or bonds of the Louisiana Recovery District outstanding, the Louisiana Recovery District shall cease to exist and any authority or power of the district shall be null and void. The Louisiana Recovery District shall not levy a new tax or increase any existing tax of the district.

(B) The legislature shall not grant any power of taxation or power to incur debt or issue bonds to any one or more political subdivisions, special districts, agencies, boards, commissions, or other authorities created by the legislature for the purpose of generating revenue for the state whose boundary or combined boundaries are coterminous with the state, except by law enacted by a favorable record vote of two-thirds of the elected members of each house of the legislature. This Paragraph shall not apply to the Louisiana Recovery District.

(C) Except as provided in Paragraphs (A) and (B), this Section shall not apply to any political subdivision, special district, agency, board, commission, municipality, parish, school board, levee district, port, or to any other similar authority.

Added by Acts 1994, No. 48, §1, approved Oct. 1, 1994, eff. Nov. 3, 1994.

§31. Taxes; Ratification

Section 31. Any tax validly being levied by a political subdivision under prior legislative or constitutional authority on the effective date of this constitution is ratified.

§32. Special Taxes; Authorization

Section 32. For the purpose of acquiring, constructing, improving, maintaining, or operating any work of public improvement, a political subdivision may levy special taxes when authorized by a majority of the electors in the political subdivision who vote thereon in an election held for that purpose.

§33. Political Subdivisions; General Obligation Bonds

Section 33.(A) Authorization. Subject to approval by the State Bond Commission or its successor, general obligation bonds may be issued only after authorization by a majority of the electors voting on the proposition at an election in the political subdivision issuing the bonds. Bonds to refund outstanding

indebtedness at the same or at a lower effective rate of interest, even though payable solely from ad valorem taxes, need not be authorized at an election if the indebtedness refunded is paid or cancelled at the time of the delivery of the refunding bonds, or if money, or securities made eligible for such purpose by law, are deposited in escrow in an adequate amount, with interest, to be utilized solely to retire the refunded indebtedness or bonds and to pay interest thereon and redemption premiums, if any, to the time of retirement.

(B) Full Faith and Credit. The full faith and credit of a political subdivision is hereby pledged to the payment of general obligation bonds issued by it under this constitution or the statute or proceedings pursuant to which they are issued. The governing authority of the issuing political subdivision shall levy and collect or cause to be levied and collected on all taxable property in the political subdivision ad valorem taxes sufficient to pay principal and interest and redemption premiums, if any, on such bonds as they mature.

§34. Limitations on Bonded Indebtedness

Section 34. The legislature by law shall fix the limitation on bonded indebtedness payable solely from ad valorem taxes levied by political subdivisions.

§35. Contesting Political Subdivision Bonds

Section 35.(A) Contesting Election; Time Limit. For sixty days after promulgation of the result of an election held to incur or assume debt, issue bonds, or levy a tax, any person in interest may contest the legality of the election, the bond issue provided for, or the tax authorized, for any cause. After that time no one shall have any cause or right of action to contest the regularity, formality, or legality of the election, tax provisions, or bond authorization, for any cause whatsoever. If the validity of any election, tax, debt assumption, or bond issue authorized or provided for is not raised within the sixty days, the authority to incur or assume debt, levy the tax, or issue the bonds, the legality thereof, and the taxes and other revenues necessary to pay the same shall be conclusively presumed to be valid, and no court shall have authority to inquire into such matters.

(B) Contesting Ordinance or Resolution; Time Limit. Every ordinance or resolution authorizing the issuance of bonds or other debt obligation by a political subdivision shall be published at least once in the official journal of the political subdivision or, if there is none, in a newspaper having general circulation therein. For thirty days after the date of publication, any person in interest may contest the legality of the ordinance or resolution and of any provision therein made for the security and payment of the bonds. After that time, no one shall have any cause of action to test the regularity, formality, legality, or effectiveness of the ordinance or resolution, and provisions thereof for any cause whatever. Thereafter, it shall be conclusively presumed that every legal requirement for the issuance of the bonds or other debt obligation, including all things pertaining to the election, if any, at which the bonds or other debt obligation were authorized, has been complied with. No court shall have authority to inquire into any of these matters after the thirty days.

§36. Local Improvement Assessments

Section 36.(A) Authorization. The legislature shall provide by general law or by local or special law the procedures by which a political subdivision may levy and collect local or special assessments on real

property for the purpose of acquiring, constructing, or improving works of public improvement.

(B) Certificates of Indebtedness; Security. Certificates of indebtedness may be issued to cover the cost of any such public improvement. They shall be secured by the pledge of the local or special assessments levied therefor and may be further secured by the pledge of the full faith and credit of the political subdivision.

(C) Exception. This Section shall not apply to a school board.

§37. Revenue-Producing Property

Section 37.(A) Authorization. The legislature by law may authorize political subdivisions to issue bonds or other debt obligations to construct, acquire, extend, or improve any revenue-producing public utility or work of public improvement. The bonds or other debt obligations may be secured by mortgage on the lands, buildings, machinery, and equipment or by the pledge of the income and revenues of the public utility or work of public improvement. They shall not be a charge upon the other income and revenues of the political subdivision.

(B) Exception. This Section shall not apply to a school board.

PART III. LEVEE DISTRICTS

§38. Levee Districts

Section 38.(A) Retention; Reorganization; Consolidation. Levee districts as organized and constituted on January 1, 1974 shall continue to exist, except that

(1) The legislature may provide by law for the consolidation, division, or reorganization of existing levee districts or may create new levee districts. However, the members of the board of commissioners of a district heretofore or hereafter created shall be appointed or elected from among residents of the district, as provided by law.

(2) A levee district whose flood control responsibilities are limited to and which is situated entirely within one parish may be consolidated and merged into such parish under the terms and conditions and in the manner provided in Section 16 of this Article.

(B) Obligation of Contract Affirmed. No action taken under this Section shall impair the obligation of outstanding bonded indebtedness or of any other contract of a levee district.

§39. Levee District Taxes

Section 39.(A) District Tax; Millage Limit. For the purpose of constructing and maintaining levees, levee drainage, flood protection, hurricane flood protection, and for all other purposes incidental thereto, the governing authority of a levee district may levy annually a tax not to exceed five mills, except the Board of Levee Commissioners of the Orleans Levee District which may levy annually a tax not to exceed two and one-half mills, on the dollar of the assessed valuation of all taxable property situated within the alluvial portions of the district subject to overflow.

(B) Millage Increase. If the necessity to raise additional funds arises in any levee district for any purpose set forth in Paragraph (A), or for any other purpose related to its authorized powers and functions as specified by law, the tax may be increased. However, the necessity and the rate of the increase shall be submitted to the electors of the district, and the tax increase shall take effect only if approved by a majority of the electors voting thereon in an election held for that purpose.

§40. Bond Issues

Section 40.(A) Authorization. Subject to approval by the State Bond Commission or its successor, the governing authority of a levee district may fund the proceeds of its taxes or other revenues into bonds or other evidences of indebtedness. Proceeds thus derived shall be used for the purposes mentioned in Part III of this Article or for the funding or payment of any outstanding indebtedness.

(B) Sale. Bonds issued under the authority of Paragraph (A) shall be sold as provided by law concerning the issuance of bonds by levee districts.

§41. Cooperation with Federal Government

Section 41. The governing authority of any levee district may cooperate with the federal government in constructing and maintaining levees in this state, under terms and conditions provided by the federal authorities and accepted by the governing authority.

§42. Compensation for Property Used or Destroyed; Tax

Section 42.(A) Compensation. Notwithstanding any contrary provision of this constitution, lands and improvements thereon hereafter actually used or destroyed for levees or levee drainage purposes shall be paid for as provided by law. However, nothing contained in this Paragraph with respect to compensation for lands and improvements shall apply to batture or to property the control of which is vested in the state or any political subdivision for the purpose of commerce. If the district has no other funds or resources from which the payment can be made, it shall levy on all taxable property within the district a tax sufficient to pay for property used or destroyed to be used solely in the district where collected.

(B) Appropriation. Nothing in this Section shall prevent the appropriation of such property before payment.

PART IV. PORT COMMISSIONS AND DISTRICTS

§43. Port Commissions and Districts

Section 43. All deep-water port commissions and all deep-water port, harbor, and terminal districts as organized and constituted on January 1, 1974, including their powers and functions, structure and organization, and territorial jurisdiction, are ratified and confirmed and shall continue to exist, except that

(1) The legislature by law may grant additional powers and functions to any such commission or

district and may create new port commissions or port, harbor, and terminal districts.

(2) Only by law enacted by the favorable vote of two-thirds of the elected members of each house, may the legislature consolidate or abolish any such commission or district or diminish, reduce, or withdraw from any such commission or district any of its powers and functions and affect the structure and organization, distribution, and redistribution of the powers and functions of any such commission or district, including additions to or reductions of its territorial jurisdiction.

(3) The legislature shall enact laws with respect to the membership of the commissions provided in this Section. Once the law with respect to membership is enacted, it may be changed only by law enacted by the favorable vote of two-thirds of the elected members of each house.

Section 1.(A) Except as otherwise provided by this constitution, the power of taxation shall be vested in the legislature, shall never be surrendered, suspended, or contracted away, and shall be exercised for public purposes only.

(B) The power to tax may not be exercised by any court in the state, either by ordering the levy of a tax, an increase in an existing tax, or the repeal of an existing tax exemption or by ordering the legislature or any municipal or parish governing authority or any other political subdivision or governmental entity to do so.

Acts 1997, No. 1493, §1, approved Oct. 3, 1998, eff. Nov. 5, 1998.

§2. Power to Tax; Limitation

Section 2. The levy of a new tax, an increase in an existing tax, or a repeal of an existing tax exemption shall require the enactment of a law by two-thirds of the elected members of each house of the legislature.

§2.1. Fees and Civil Fines; Limitation

Section 2.1.(A) Any new fee or civil fine or increase in an existing fee or civil fine imposed or assessed by the state or any board, department, or agency of the state shall require the enactment of a law by a two-thirds vote of the elected members of each house of the legislature.

(B) The provisions of this Section shall not apply to any department which is constitutionally created and headed by an officer who is elected by majority vote of the electorate of the state.

Added by Acts 1995, No. 1324, §1, approved Oct. 21, 1995, eff. Nov. 23, 1995.

§3. Collection of Taxes

Section 3.(A) The legislature shall prohibit the issuance of process to restrain the collection of any tax. It shall provide a complete and adequate remedy for the prompt recovery of an illegal tax paid by a taxpayer.

(B)(1) Notwithstanding any contrary provision of this constitution, sales and use taxes levied by political subdivisions shall be collected by a single collector for each parish. On or before July 1, 1992, all political subdivisions within each parish which levy a sales and use tax shall agree between and among themselves to provide for the collection of such taxes by a single collector or a central collection commission. The legislature, by general law, shall provide for the collection of sales and use taxes, levied by political subdivisions, by a central collection commission in those parishes where a single collector or a central collection commission has not been established by July 1, 1992.

(2) The legislature, by local law enacted by two-thirds of the elected members of each house of the legislature, may establish an alternate method of providing for a single collector or a central collection commission in each parish.

(3) Except when authorized by the unanimous agreement of all political subdivisions levying a sales and use tax within a parish, only those political subdivisions levying a sales and use tax shall be authorized to act as the single collector or participate on any commission established for the collection

of such taxes.

Amended by Acts 1991, No. 1072, §1, approved Oct. 19, 1991, eff. Nov. 21, 1991.

§4. Income Tax; Severance Tax; Political Subdivisions

Section 4.(A) Income Tax. Equal and uniform taxes may be levied on net incomes, and these taxes may be graduated according to the amount of net income. However, the state individual and joint income tax schedule of rates shall never exceed the rates set forth in Title 47, Section 32 of the Louisiana Revised Statutes on January 1, 1974. Federal income taxes paid shall be allowed as a deductible item in computing state income taxes for the same period.

(B) Severance Tax. Taxes may be levied on natural resources severed from the soil or water, to be paid proportionately by the owners thereof at the time of severance. Natural resources may be classified for the purpose of taxation. Such taxes may be predicated upon either the quantity or value of the products at the time and place of severance. No further or additional tax or license shall be levied or imposed upon oil, gas, or sulphur leases or rights. No additional value shall be added to the assessment of land by reason of the presence of oil, gas, or sulphur therein or their production therefrom. However, sulphur in place shall be assessed for ad valorem taxation to the person, firm, or corporation having the right to mine or produce the same in the parish where located, at no more than twice the total assessed value of the physical property subject to taxation, excluding the assessed value of sulphur above ground, as is used in sulphur operations in such parish. Likewise, the severance tax shall be the only tax on timber; however, standing timber shall be liable equally with the land on which it stands for ad valorem taxes levied on the land.

(C) Political Subdivisions; Prohibitions. A political subdivision of the state shall not levy a severance tax, income tax, inheritance tax, or tax on motor fuel.

(D) Severance Tax Allocation. One-third of the sulphur severance tax, but not to exceed one hundred thousand dollars; one-third of the lignite severance tax, but not to exceed one hundred thousand dollars; one-fifth of the severance tax on all natural resources, other than sulphur, lignite, or timber, but not to exceed five hundred thousand dollars; and three-fourths of the timber severance tax shall be remitted to the governing authority of the parish in which severance or production occurs. Effective July 1, 1999, one-third of the sulphur severance tax, but not to exceed one hundred thousand dollars; one-third of the lignite severance tax, but not to exceed one hundred thousand dollars; one-fifth of the severance tax on all natural resources, other than sulphur, lignite, or timber, but not to exceed seven hundred fifty thousand dollars; and three-fourths of the timber severance tax shall be remitted to the governing authority of the parish in which severance or production occurs.

(E) Royalties Allocation. One-tenth of the royalties from mineral leases on state-owned land, lake and river beds and other water bottoms belonging to the state or the title to which is in the public for

mineral development shall be remitted to the governing authority of the parish in which severance or production occurs. A parish governing authority may fund these royalties into general obligation bonds of the parish in accordance with law. The provisions of this Paragraph shall not apply to properties comprising the Russell Sage Wildlife and Game Refuge.

Amended by Acts 1990, No. 1100, §1, approved Oct. 6, 1990, eff. Aug. 1, 1990; Acts 1990, No. 1105, §1, approved Oct. 6, 1990, eff. Jan. 1, 1991; Acts 1997, No. 1499, §1, approved Oct. 3, 1998, eff. Nov. 5, 1998.

§5. Motor Vehicle License Tax

Section 5. The legislature shall impose an annual license tax of not more than one dollar per each one thousand dollars of actual value on automobiles for private use based on the actual value of the vehicle, as provided by law. However, the annual license tax shall not be less than ten dollars per automobile for private use. On other motor vehicles, the legislature shall impose an annual license tax based upon carrying capacity, horsepower, value, weight, or any of these. After satisfying the requirements of Section 9(B) of this Article, and after satisfying pledges respecting that portion of the revenues attributable to the tax rates in effect at the time of such pledges for the payment of obligations for bonds or other evidences of indebtedness and upon the creation of a Transportation Trust Fund within this constitution, the revenues from the license tax on automobiles for private use shall be deposited therein. In the event no such trust fund is established in this constitution, the revenues shall be used exclusively and solely as provided by law for the construction, maintenance, and safety of the federal and state system of roads and bridges, for the parish and municipal road systems, for the operations of the office of state police, Department of Public Safety and Corrections or its successor, and for the payment of any obligation for bonds issued or indebtedness incurred in connection with any of the foregoing, which bonds may be issued as revenue bonds under Article VII, Section 6(C) of this constitution, subject to existing pledges only as to that portion of the tax collections attributable to the rates in effect at the time of such pledges for the payment of any obligations for bonds or other evidences of indebtedness outstanding on the effective date of this Section. No parish or municipality may impose a license fee on motor vehicles.

Amended by Acts 1989, 2nd Ex. Sess., No. 28, §1, approved Oct. 7, 1989, eff. Nov. 7, 1989.

§6. State Debt; Full Faith and Credit Obligations

Section 6.(A) Authorization. Unless otherwise authorized by this constitution, the state shall have no power, directly or indirectly, or through any state board, agency, commission, or otherwise, to incur debt or issue bonds except by law enacted by two-thirds of the elected members of each house of the legislature. The debt may be incurred or the bonds issued only if the funds are to be used to repel invasion; suppress insurrection; provide relief from natural catastrophes; refund outstanding indebtedness at the same or a lower effective interest rate; or make capital improvements, but only in accordance with a comprehensive capital budget, which the legislature shall adopt.

(B) Capital Improvements. (1) If the purpose is to make capital improvements, the nature and location and, if more than one project, the amount allocated to each and the order of priority shall be stated in the comprehensive capital budget which the legislature adopts.

(2) The estimated amount of debt service to be paid for capital improvements for the next fiscal year shall be stated as a separate item and by budget unit in the budget estimate required to be

submitted by the governor in accordance with Section 11 of this Article.

(C) Full Faith and Credit. The full faith and credit of the state shall be pledged to the repayment of all bonds or other evidences of indebtedness issued by the state directly or through any state board, agency, or commission pursuant to the provisions of Paragraphs (A) and (B) hereof. The full faith and credit of the state is not hereby pledged to the repayment of bonds of a levee district, political subdivision, or local public agency. In addition, any state board, agency, or commission authorized by law to issue bonds, in the manner so authorized and with the approval of the State Bond Commission or its successor, may issue bonds which are payable from fees, rates, rentals, tolls, charges, grants, or other receipts or income derived by or in connection with an undertaking, facility, project, or any combination thereof, without a pledge of the full faith and credit of the state. Such revenue bonds may, but are not required to, be issued in accordance with the provisions of Paragraphs (A) and (B) hereof. If issued other than as provided in Paragraphs (A) and (B), such revenue bonds shall not carry the pledge of the full faith and credit of the state and the issuance of the bonds shall not constitute the incurring of state debt under this constitution. The rights granted to deep-water port commissions or deep-water port, harbor, and terminal districts under this constitution shall not be impaired by this Section.

(D) Referendum. The legislature, by law enacted by two-thirds of the elected members of each house, may propose a statewide public referendum to authorize incurrence of debt for any purpose for which the legislature is not herein authorized to incur debt.

(E) Exception. Nothing in this Section shall apply to any levee district, political subdivision, or local public agency unless the full faith and credit of the state is pledged to the payment of the bonds of the levee district, political subdivision, or local public agency.

(F) Limitation. (1) The legislature shall provide for the determination of a limit to the amount of net state tax supported debt which may be issued by the state in any fiscal year. Net state tax supported debt shall be defined by law. When enacted, such definition shall not be changed except by specific legislative instrument which receives a favorable vote of two-thirds of the elected members of each house of the legislature. The limitation shall be established so that by Fiscal Year 2003-2004 and thereafter the amount necessary to service outstanding net state tax supported debt shall not exceed six percent of the estimate of money to be received by the state general fund and dedicated funds contained in the official forecast adopted by the Revenue Estimating Conference at its first meeting after the beginning of each fiscal year and any other money required to be included in the estimate by this Paragraph. In making such estimate, the conference shall include all amounts which are to be used to service net state tax supported debt. For purposes of this Paragraph, servicing outstanding net state tax supported debt includes payments of principal, interest, and sinking fund requirements. The limitation established pursuant to this Paragraph shall not be construed to prevent the payment of debt service on net state tax supported debt.

(2) The limitation established pursuant to this Paragraph may be changed by passage of a specific legislative instrument by a favorable vote of two-thirds of the elected members of each house of the legislature. The limitation may be exceeded by passage of a specific legislative instrument for a project or related projects by a favorable vote of two-thirds of the elected members of each house of the legislature, provided that any debt service payment required for such projects shall, once bonds have been issued in connection therewith, not be impaired in any future year by application of this limitation.

The limitation established pursuant to this Subparagraph shall be deemed to be increased as necessary to accommodate any projects approved to exceed this limit if approved as provided in this Paragraph, but only as long as there are bonds outstanding for the projects.

(3) Except as provided in Subparagraph (2) of this Paragraph, the State Bond Commission shall not approve the issuance of any net state tax supported debt, the debt service requirement of which would cause the limit herein established to be exceeded.

Amended by Acts 1993, No. 1043, §1, approved Oct. 16, 1993, eff. Nov. 18, 1993; Acts 1993, No. 1044, §1, approved Oct. 16, 1993, eff. Nov. 18, 1993.

§7. State Debt; Interim Emergency Board

Section 7.(A) Composition. The Interim Emergency Board is created. It shall be composed of the governor, lieutenant governor, state treasurer, presiding officer of each house of the legislature, chairman of the Senate Finance Committee, and chairman of the House Appropriations Committee, or their designees.

(B) Powers. Between sessions of the legislature, when the board by majority vote determines that an emergency or impending flood emergency exists, it may appropriate from the state general fund or borrow on the full faith and credit of the state an amount to meet the emergency. The appropriation may be made or the indebtedness incurred only for a purpose for which the legislature may appropriate funds and then only after the board obtains, as provided by law, the written consent of two-thirds of the elected members of each house of the legislature. For the purposes of this Paragraph, an emergency is an event or occurrence not reasonably anticipated by the legislature and an impending flood emergency shall be an anticipated situation which endangers an existing flood protection structure. The appropriation or indebtedness incurred for an impending flood emergency shall not exceed two hundred fifty thousand dollars for any one event or occurrence. For an impending emergency to qualify for funding it must be determined as such by the United States Army Corp of Engineers or the United States Coast Guard. Total funding for such impending emergencies shall not exceed twenty-five percent of the funds annually available to the Interim Emergency Board.

(C) Limits. The aggregate of indebtedness outstanding at any one time and the amount appropriated from the state general fund for the current fiscal year under the authority of this Section shall not exceed one-tenth of one percent of total state revenue receipts for the previous fiscal year.

(D) Allocation. An amount sufficient to pay indebtedness incurred during the preceding fiscal year under the authority of this Section is allocated, as a first priority, each year from the state general fund.

Acts 1997, No. 1500, §1, approved Oct. 3, 1998, eff. Nov. 5, 1998.

§8. State Bond Commission

Section 8.(A) Creation. The State Bond Commission is created. Its membership and authority shall be determined by law.

(B) Approval of Bonds. No bonds or other obligations shall be issued or sold by the state, directly or through any state board, agency, or commission, or by any political subdivision of the state, unless prior written approval of the bond commission is obtained.

(C) Contesting State Bonds. Bonds, notes, certificates, or other evidences of indebtedness of the state (hereafter referred to as "bonds") shall not be invalid because of any irregularity or defect in the proceedings or in the issuance and sale thereof and shall be incontestable in the hands of a bona fide purchaser or holder. The issuing agency, after authorizing the issuance of bonds by resolution, shall publish once in the official journal of the state, as provided by law, a notice of intention to issue the bonds. The notice shall include a description of the bonds and the security therefor. Within thirty days after the publication, any person in interest may contest the legality of the resolution, any provision of the bonds to be issued pursuant to it, the provisions securing the bonds, and the validity of all other provisions and proceedings relating to the authorization and issuance of the bonds. If no action or proceeding is instituted within the thirty days, no person may contest the validity of the bonds, the provisions of the resolution pursuant to which the bonds were issued, the security of the bonds, or the validity of any other provisions or proceedings relating to their authorization and issuance, and the bonds shall be presumed conclusively to be legal. Thereafter no court shall have authority to inquire into such matters.

§9. State Funds

Section 9.(A) Deposit in State Treasury. All money received by the state or by any state board, agency, or commission shall be deposited immediately upon receipt in the state treasury, except that received:

(1) as a result of grants or donations or other forms of assistance when the terms and conditions thereof or of agreements pertaining thereto require otherwise;

(2) by trade or professional associations;

(3) by the employment security administration fund or its successor;

(4) by retirement system funds;

(5) by state agencies operating under authority of this constitution preponderantly from fees and charges for the shipment of goods in international maritime trade and commerce; and

(6) by a state board, agency, or commission, but pledged by it in connection with the issuance of revenue bonds as provided in Paragraph (C) of Section 6 of this Article, other than any surplus as may be defined in the law authorizing such revenue bonds.

(B) Bond Security and Redemption Fund. Subject to contractual obligations existing on the effective date of this constitution, all state money deposited in the state treasury shall be credited to a special fund designated as the Bond Security and Redemption Fund, except money received as the result of grants or donations or other forms of assistance when the terms and conditions thereof or of agreements pertaining thereto require otherwise. In each fiscal year an amount is allocated from the bond security and redemption fund sufficient to pay all obligations which are secured by the full faith and credit of the state and which become due and payable within the current fiscal year, including principal, interest, premiums, sinking or reserve fund, and other requirements. Thereafter, except as otherwise provided by law, money remaining in the fund shall be credited to the state general fund.

(C) Exception. Nothing in this Section shall apply to a levee district or political subdivision unless the full faith and credit of the state is pledged to the payment of the bonds of the levee district or political subdivision.

§10. Expenditure of State Funds

Section 10.(A) Revenue Estimating Conference. The Revenue Estimating Conference shall be composed of four members: the governor, or his designee, the president of the senate, or his designee, the speaker of the house or his designee, and a faculty member of a university or college in Louisiana who has expertise in forecasting revenues. Changes to the membership beyond the four members shall be made by law enacted by a favorable vote of two-thirds of the elected members of each house.

(B) Official Forecast. The conference shall prepare and publish initial and revised estimates of money to be received by the state general fund and dedicated funds for the current and next fiscal years which are available for appropriation. In each estimate, the conference shall designate the money in the estimate which is recurring and which is nonrecurring. All conference decisions to adopt these estimates shall be by unanimous vote of its members. Changes to the unanimous vote requirement shall be made by law enacted by a favorable vote of two-thirds of the elected members of each house. However, the expenditure limit for the 1991-1992 Fiscal Year shall be the actual appropriations from the state general fund and dedicated funds for that year except funds allocated by Article VII, Section 4, Paragraphs (D) and (E). For subsequent fiscal years, the limit shall not exceed the expenditure limit for the current fiscal year plus an amount equal to that limit times a positive growth factor. The growth factor is the average annual percentage rate of change of personal income for Louisiana as defined and reported by the United States Department of Commerce for the three calendar years prior to the fiscal year for which the limit is calculated.

(2) The expenditure limit may be changed in any fiscal year by a favorable vote of two-thirds of the elected members of each house. Any such change in the expenditure limit shall be approved by passage of a specific legislative instrument which clearly states the intent to change the limit.

(3) Beginning with the 1995-1996 Fiscal Year, the expenditure limit shall be determined in accordance with the provisions of Paragraph (J) of this Section. The redetermination of the expenditure limit for each fiscal year from the 1991-1992 Fiscal Year through the 1994-1995 Fiscal Year shall only be used in computing the expenditure limit for the 1995-1996 Fiscal Year and shall not affect the expenditure limit already computed in accordance with this Paragraph for such fiscal years.

(D) Appropriations. (1) Except as otherwise provided by this constitution, money shall be drawn from the state treasury only pursuant to an appropriation made in accordance with law. Appropriations from the state general fund and dedicated funds except funds allocated by Article VII, Section 4, Paragraphs (D) and (E) shall not exceed the expenditure limit for the fiscal year.

(2) Except as otherwise provided in this constitution, the appropriation or allocation of any money designated in the official forecast as nonrecurring shall be made only for the following purposes:

(a) Retiring or for the defeasance of bonds in advance or in addition to the existing amortization requirements of the state.

(b) Providing for payments against the unfunded accrued liability of the public retirement systems which are in addition to any payments required for the annual amortization of the unfunded accrued liability of the public retirement systems, as required by Article X, Section 29(E)(2)(c) of this constitution; however, any such payments to the public retirement systems shall not be used, directly or indirectly, to fund cost-of-living increases for such systems.

(c) Providing funding for capital outlay projects in the comprehensive state capital budget.

(d) Providing for allocation or appropriation for deposit into the Budget Stabilization Fund established in Article VII, Section 10.3 of this constitution.

[Proposed Amendment to add §10(D)(3): To be submitted to electors November 5, 2002.]

(b) For the purposes of this Subparagraph, local law enforcement and fire protection officers shall mean and include the same classes of officers which are eligible for such state salary supplements under the law as of July 1, 2003.

(c) Full funding as required in Subsubparagraph (a) of this Subparagraph shall be equal to the amount which is required to meet the requirements of law as such requirements are in effect on July 1, 2001.

(d) Neither the governor nor the legislature may reduce an appropriation made pursuant to this Subparagraph except that the governor may reduce such appropriation using means provided in the Act containing the appropriation, provided that two-thirds of the elected members of each house of the legislature consent to any such reduction in writing.

(E) Balanced Budget. Appropriations by the legislature from the state general fund and dedicated funds for any fiscal year except funds allocated by Article VII, Section 4, Paragraphs (D) and (E) shall not exceed the official forecast in effect at the time the appropriations are made.

(F) Projected Deficit. The legislature by law shall establish a procedure to determine if appropriations will exceed the official forecast and an adequate method for adjusting appropriations in order to eliminate a projected deficit. If within thirty days of the determination that appropriations will exceed the official forecast the necessary adjustments in appropriations are not made to eliminate the projected deficit, the governor shall call a special session of the legislature for this purpose unless the legislature is in regular session. This special session shall commence as soon as possible as allowed by the provisions of this constitution, including but not limited to Article III, Section 2(B).

[Acts 2001, No. 1236 proposal to amend §10(F): To be submitted to electors November 5, 2002.]

(F) Projected Deficit. (1) The legislature by law shall establish a procedure to determine if

appropriations will exceed the official forecast and an adequate method for adjusting appropriations in order to eliminate a projected deficit. Any law establishing a procedure to determine if appropriations will exceed the official forecast and methods for adjusting appropriations, including any constitutionally protected or mandated allocations or appropriations, once enacted, shall not be changed except by specific legislative instrument which receives a favorable vote of two-thirds of the elected members of each house of the legislature. Notwithstanding the provisions of Article III, Section 2 of this constitution, such law may be introduced and considered in any regular session of the legislature.

(2)(a) Notwithstanding any other provision of this constitution to the contrary, adjustments to any constitutionally protected or mandated allocations or appropriations, and transfer of monies associated with such adjustments, are authorized when state general fund allocations or appropriations have been reduced in an aggregate amount equal to at least seven-tenths of one percent of the total of such allocations and appropriations for a fiscal year. Such adjustments may not exceed five percent of the total appropriation or allocation from a fund for the fiscal year. For purposes of this Subsubparagraph, reductions to expenditures required by Article VIII, Section 13(B) of this constitution shall not exceed one percent and such reductions shall not be applicable to instructional activities included within the meaning of instruction pursuant to the Minimum Foundation Program formula. Notwithstanding any other provisions of this constitution to the contrary, monies transferred as a result of such budget adjustments are deemed available for appropriation and expenditure in the year of the transfer from one fund to another, but in no event shall the aggregate amount of any transfers exceed the amount of the deficit.

(b) Notwithstanding any other provision of this constitution to the contrary, for the purposes of the budget estimate and enactment of the budget for the next fiscal year, when the official forecast of recurring revenues for the next fiscal year is at least one percent less than the official forecast for the current fiscal year, the following procedure may be employed to avoid a budget deficit in the next fiscal year. An amount not to exceed five percent of the total appropriations or allocations for the current fiscal year from any fund established by law or this constitution shall be available for expenditure in the next fiscal year for a purpose other than as specifically provided by law or this constitution. For the purposes of this Subsubparagraph, an amount not to exceed one percent of the current fiscal year appropriation for expenditures required by Article VIII, Section 13(B) of this constitution shall be available for expenditures for other purposes in the next fiscal year. Notwithstanding any other provisions of this constitution to the contrary, monies made available as authorized under this Subsubparagraph may be transferred to a fund for which revenues have been forecast to be less than the revenues in the current fiscal year for such fund. Monies transferred as a result of the budget actions authorized by this Subsubparagraph are deemed available for appropriation and expenditure, but in no event shall the aggregate amount of any such transfers exceed the amount of the difference between the official forecast for the current fiscal year and the next fiscal year.

(c) The legislature may provide by law for the implementation of the provisions of this Subparagraph.

(3) If within thirty days of the determination that appropriations will exceed the official forecast the necessary adjustments in appropriations are not made to eliminate the projected deficit, the governor shall call a special session of the legislature for this purpose unless the legislature is in regular session. This special session shall commence as soon as possible as allowed by the provisions of this constitution, including but not limited to Article III, Section 2(B).

(4) The provisions of Subparagraphs (1) and (2) of this Paragraph shall not be applicable to, nor affect:

(I) Public Purpose. No appropriation shall be made except for a public purpose.

(C) All unexpended and unencumbered monies in the Conservation Fund at the end of the fiscal year shall remain in the fund. The monies in the fund shall be invested by the treasurer in the manner provided by law. All interest earned on monies invested by the treasurer shall be deposited in the fund. No appropriation shall be made from the Permanent Trust Fund. If any such money has been received prior to the effective date of this Section, the treasurer shall transfer from the state general fund to the Permanent Trust Fund on the effective date of this Section an amount of money which shall make the Permanent Trust Fund balance equal to the amount of such money previously received, except for the first one hundred million dollars. After six hundred million dollars has been credited to the Permanent Trust Fund, the sum of fifty million dollars shall be credited to the Coastal Environment Protection Trust Fund, as established in R.S. 30:313, from those monies received from the federal government under Section 1337(g) of Title 43 of the United States Code which is attributable to mineral production activity or leasing activity on the Outer Continental Shelf and which has been held in escrow pending a settlement between the United States and the state of Louisiana; all funds in excess of seven hundred fifty million dollars shall be credited to the Permanent Trust Fund.

(3) All recurring revenues and interest earnings shall be credited to the respective funds as provided in Subparagraphs (1) and (2) above until the balance in the Permanent Trust Fund equals two billion dollars. Notwithstanding any provision of this constitution or other law to the contrary, a portion of money in the Permanent Trust Fund, not to exceed thirty-five percent, may be invested in stock. The legislature shall provide for procedures for the investment of such monies by law. The treasurer shall contract, subject to the approval of the State Bond Commission, for the management of such investments. The amounts in the Support Fund shall be available for appropriation to pay expenses incurred in the investment and management of the Permanent Trust Fund and for educational purposes only as provided in Paragraphs (C) and (D) of this Section.

(2) Except for appropriations to pay expenses incurred in the investment and management of the Permanent Trust Fund, the legislature shall appropriate from the Support Fund only for educational purposes provided in Paragraph (D) of this Section and shall appropriate fifty percent of the available funds for higher educational purposes and fifty percent for elementary and secondary educational purposes. Those monies to be used for administrative costs shall be expended for such purposes only if so approved and appropriated by the legislature.

(4) The monies appropriated by the legislature and disbursed from the Support Fund shall not displace, replace, or supplant appropriations from the general fund for elementary and secondary

education, including implementing the Minimum Foundation Program, or displace, replace, or supplant funding for higher education. For elementary and secondary education and for higher education, this Paragraph shall mean that no appropriation for any fiscal year from the Support Fund shall be made for any purpose for which a general fund appropriation was made in the previous year unless the total appropriations for that fiscal year from the state general fund for such purpose exceed general fund appropriations for the previous year. This Paragraph shall in no way limit general fund appropriations in excess of the minimum amounts herein established.

(D) Disbursement; Higher Education and Elementary and Secondary Education.

§10.3. Budget Stabilization Fund

Section 10.3.(A) There is hereby established in the state treasury a Budget Stabilization Fund hereinafter referred to as the fund. Money shall be deposited in the fund as follows:

(1) All money available for appropriation from the state general fund and dedicated funds in excess of the expenditure limit, except funds allocated by Article VII, Section 4, Paragraphs (D) and (E), shall be deposited in the fund.

(2)(a) All revenues received in each fiscal year by the state in excess of seven hundred fifty million dollars, hereinafter referred to as the base, as a result of the production of or exploration for minerals, hereinafter referred to as mineral revenues, including severance taxes, royalty payments, bonus payments, or rentals, and excluding such revenues received by the state as a result of grants or donations when the terms or conditions thereof require otherwise and revenues derived from any tax on the transportation of minerals, shall be deposited in the fund after the following allocations of said mineral revenues have been made:

(C) The money in the fund shall not be available for appropriation or use except under the following conditions:

(1) If the official forecast of recurring money for the next fiscal year is less than the official forecast of recurring money for the current fiscal year, the difference, not to exceed one-third of the fund shall be incorporated into the next year's official forecast only after the consent of two-thirds of the elected members of each house of the legislature. If the legislature is not in session, the two-thirds requirement may be satisfied upon obtaining the written consent of two-thirds of the elected members of each house of the legislature in a manner provided by law.

(2) If a deficit for the current fiscal year is projected due to a decrease in the official forecast, an amount equal to one-third of the fund not to exceed the projected deficit may be appropriated after the consent of two-thirds of the elected members of each house of the legislature. Between sessions of the legislature the appropriation may be made only after the written consent of two-thirds of the elected members of each house of the legislature.

(3) In no event shall the amount included in the official forecast for the next fiscal year plus the amount appropriated in the current fiscal year exceed one-third of the fund balance at the beginning of the current fiscal year.

(4) No appropriation or deposit to the fund shall be made if such appropriation or deposit would cause the balance in the fund to exceed four percent of total state revenue receipts for the previous fiscal year.

§10.4. Higher Education Louisiana Partnership Fund; Program

Section 10.4.(A) Higher Education Louisiana Partnership Fund. (1) There is hereby established a special fund in the state treasury to be known as the Higher Education Louisiana Partnership Fund, hereinafter referred to as the "fund", consisting of monies appropriated annually by the legislature, grants, gifts, and donations received by the state for the purposes of this Section, and other revenues as may be provided by law; provided that no such monies shall come from the allocations provided in Article VII, Section 4, Paragraphs (D) and (E) of this constitution.

(2) All unexpended and unencumbered monies in the Higher Education Louisiana Partnership Fund at the end of a fiscal year shall remain in such fund and be available for appropriation in the next fiscal year. The monies in the fund shall be invested by the state treasurer in accordance with state law, and interest earned on the investment of these monies shall be credited to the fund, after compliance with the requirements of Article VII, Section 9(B) of the Constitution of Louisiana, relative to the Bond Security and Redemption Fund.

(B) Higher Education Louisiana Partnership Program. (1) Upon appropriation by the legislature, the

monies in the fund shall be divided into matching grants for the Higher Education Louisiana Partnership Program which shall be administered by the Board of Regents. The Board of Regents may allocate program funds to each public or independent institution of higher education on a one to one and one-half matching basis or one twenty thousand dollar state matching grant for each thirty thousand dollars raised specifically for the purposes of participation in the Higher Education Louisiana Partnership Program by the institutions of higher education from private sources. The state matching portion shall be allocated by the Board of Regents only after it determines that an eligible institution has accumulated not less than the minimum required amount from private sources for the purposes of the Higher Education Louisiana Partnership Program.

(2)(a) No public institution of higher education shall be eligible in any given fiscal year to receive a share of program funds which is greater than that institution's proportion of the full-time equivalent number of students enrolled in public higher education in the state.

(b) No independent institution of higher education shall be eligible in any given fiscal year to receive a share of program funds which is greater than that institution's proportion of the full-time equivalent number of students enrolled in independent institutions of higher education in the state.

(c) However, if there are monies which have been appropriated to the fund but remain on March first of any fiscal year unallocated to any matching grant, then any participating institution of higher education which has raised the required funds from private sources may apply for and be awarded the number of additional matching grants for which unallocated funding is available and which the institution is able to match. Provided however, that no participating institution shall receive more than fifty percent of available funds in any fiscal year.

(d) However, the share of the program funds received annually by independent institutions of higher education shall not exceed fifteen percent in the aggregate of the total amount of program funds available for matching grants under this program.

(3) State matching funds shall be applied only to private source funds contributed after July 1, 1991, and pledged for the purposes of this Section as certified by the Board of Regents. Pledged contributions shall not be eligible for state matching funds prior to their actual collection.

(4) Each institution of higher education may establish its own Higher Education Louisiana Partnership Program fund as a depository for private contributions and state matching funds as provided herein. The state matching funds allocated by the Board of Regents shall be transferred to an institution upon notification that the institution has received and deposited the necessary private contributions in its own Higher Education Louisiana Partnership Program fund.

(5) Each institution of higher education, under the supervision and management of its board, shall have the responsibility for the administration of the Higher Education Louisiana Partnership Program at that institution and for maintenance and investment of its fund. The institution shall be responsible for soliciting and receiving gifts from private sources to be used for the purposes of this Section.

(6) State matching grants from funds allocated for the Higher Education Louisiana Partnership Program may be made for the purposes of endowed professorships totaling one hundred thousand dollars or more; endowed undergraduate scholarships totaling fifty thousand dollars or more; library

acquisitions, laboratory enhancement, or research and instructional equipment acquisitions totaling fifty thousand dollars or more; or facilities construction or renovations totaling one hundred thousand dollars or more.

(7) The monies appropriated by the legislature and disbursed from the Higher Education Louisiana Partnership Fund shall not displace, replace, or supplant appropriations for higher education from the general fund or from bond proceeds. This shall mean that no disbursement from the fund for a current fiscal year shall be made for any higher education purpose for which an appropriation was made the previous year from the general fund or from bond proceeds unless the total appropriations for the current fiscal year for higher education from the state general fund or from bond proceeds exceed general fund appropriations or bond proceeds appropriations for higher education for the previous year. This requirement shall in no way limit appropriations from the general fund or from bond proceeds in excess of the minimum amounts herein established.

(C) Implementation.

The legislature shall provide for the implementation of this Section.

Added by Acts 1991, No. 1069, §1, approved Oct. 19, 1991, ff. Nov. 21, 1991.

§10.5. Mineral Revenue Audit and Settlement Fund

Section 10.5.(A) There shall be established in the state treasury the Mineral Revenue Audit and Settlement Fund, hereinafter referred to as the "fund". (c) Appropriations may be made for independent public schools which have been approved by the State Board of Elementary and Secondary Education or any city, parish, or other local school system and for alternative schools and programs which are authorized and approved by the State Board of Elementary and Secondary Education but are not subject to the jurisdiction and management of any city, parish, or local school system, to provide for an allocation for each pupil, which shall be the average statewide per pupil amount provided in each city, parish, or local school system pursuant to Subsubparagraphs (d) and (e) of this Subparagraph.

However, the legislature, by law, may establish a system under which claims by the state or a political subdivision may be compromised, and may provide for the release of heirs to confiscated property from taxes due thereon at the date of its reversion to them.

PART II. PROPERTY TAXATION

§18. Ad Valorem Taxes

Section 18.(A) Assessments. Property subject to ad valorem taxation shall be listed on the assessment rolls at its assessed valuation, which, except as provided in Paragraphs (C) and (G), shall be a percentage of its fair market value. The percentage of fair market value shall be uniform throughout the state upon the same class of property.

(B) Classification. The classifications of property subject to ad valorem taxation and the percentage of fair market value applicable to each classification for the purpose of determining assessed valuation are as follows:

Classifications	Percentages
1. Land	10%
2. Improvements for residential purposes	10%
3. Electric cooperative properties, excluding land	15%
4. Public service properties; excluding land	25%
5. Other property	15%

The legislature may enact laws defining electric cooperative properties and public service properties.

(C) Use Value. Bona fide agricultural, horticultural, marsh, and timber lands, as defined by general law, shall be assessed for tax purposes at ten percent of use value rather than fair market value. The legislature may provide by law similarly for buildings of historic architectural importance.

(D) Valuation. Each assessor shall determine the fair market value of all property subject to taxation within his respective parish or district except public service properties, which shall be valued at fair market value by the Louisiana Tax Commission or its successor. Each assessor shall determine the use value of property which is to be so assessed under the provisions of Paragraph (C). Fair market value and use value of property shall be determined in accordance with criteria which shall be established by law and which shall apply uniformly throughout the state.

(E) Review. The correctness of assessments by the assessor shall be subject to review first by the parish governing authority, then by the Louisiana Tax Commission or its successor, and finally by the courts, all in accordance with procedures established by law.

(F) Reappraisal. All property subject to taxation shall be reappraised and valued in accordance with this Section, at intervals of not more than four years.

(G)(1) Special Assessment Level.

(a)(i) The assessment of residential property receiving the homestead exemption which is owned and occupied by any person or persons sixty-five years of age or older and who meet all of the other requirements of this Section shall not be increased above the total assessment of that property for the first year that the owner qualifies for and receives the special assessment level, unless the owner fails to qualify for and receive the special assessment level in a subsequent year. Such property of an owner who has failed to qualify for the special assessment level in one year and who requalifies in a subsequent year shall be assessed at the level at which it was assessed for the most recent year the owner failed to receive the special assessment level.

(ii) Any person or persons shall be prohibited from receiving the special assessment as provided in this Section if such person or persons' adjusted gross income, as reported in the federal tax return for the year prior to the application for the special assessment, exceeds fifty thousand dollars. For persons applying for the special assessment whose filing status is married filing separately, the adjusted gross income for purposes of this Section shall be determined by combining the adjusted gross income on both federal tax returns. Beginning for the tax year 2001, and for each tax year thereafter, the fifty thousand dollar limit shall be adjusted annually by the Consumer Price Index as reported by the United States Government. The income requirement to receive the special assessment level shall be met annually by the person or persons receiving the special assessment level.

(iii) An eligible owner shall annually apply for the special assessment level by filing a signed application establishing that the owner qualifies for the special assessment level with the assessor of the parish or, in the parish of Orleans, the assessor of the district where the property is located.

(b) Any millage rate applied to the special assessment level shall not be subject to a limitation.

(2) The special assessment level shall remain on the property as long as:

(a) That owner, or that owner's surviving spouse who is fifty-five years of age or older or who has minor children, remains eligible for and applies annually for the benefit of the special assessment level on that property.

(b) The value of the property does not increase more than twenty-five percent because of construction or reconstruction.

(3) A new or subsequent owner of the property may claim a special assessment level when eligible under this Section. The new owner is not necessarily entitled to the same special assessment level on the property as when that property was owned by the previous owner.

(4)(a) The special assessment level on property that is sold shall automatically expire on the last day of December in the year prior to the year that the property is sold. The property shall be immediately revalued at fair market value by the assessor and shall be assessed by the assessor on the assessment rolls in the year it was sold at the assessment level provided for in Article VII, Section 18 of the Constitution of Louisiana.

(b) This new assessment level shall remain in effect until changed as provided by this Section or this Constitution.

Amended by Acts 1979, No. 799, §1, approved Oct. 27, 1979, eff. Dec. 1, 1979; Acts 1997, No. 1491, §1, approved Oct. 3, 1998, eff. Jan. 1, 2000.

§19. State Property Taxation; Rate Limitation

Section 19. State taxation on property for all purposes shall not exceed an annual rate of five and three-quarter mills on the dollar of assessed valuation.

§20. Homestead Exemption

Section 20.(A) Homeowners.

(1) The bona fide homestead, consisting of a tract of land or two or more tracts of land with a residence on one tract and a field, pasture, or garden on the other tract or tracts, not exceeding one hundred sixty acres, buildings and appurtenances, whether rural or urban, owned and occupied by any person, shall be exempt from state, parish, and special ad valorem taxes to the extent of seven thousand five hundred dollars of the assessed valuation. The same homestead exemption shall also fully apply to the primary residence, including a mobile home, which serves as a bona fide home and which is owned and occupied by any person, regardless of whether the homeowner owns the land upon which the home or mobile home is sited; however, this homestead exemption shall not apply to the land upon which such primary residence is sited if the homeowner does not own the land.

(2) The homestead exemption shall extend to the surviving spouse or minor children of a deceased owner and shall apply when the homestead is occupied as such and title to it is in either husband or wife but not to more than one homestead owned by the husband or wife.

(3) This exemption shall not extend to municipal taxes. However, the exemptions shall apply (a) in Orleans Parish, to state, general city, school, levee, and levee district taxes and (b) to any municipal

taxes levied for school purposes.

(B) Residential Lessees. Notwithstanding any contrary provision in this constitution, the legislature may provide for tax relief to residential lessees in the form of credits or rebates in order to provide equitable tax relief similar to that granted to homeowners through homestead exemptions.

Amended by Acts 1980, No. 844, §1, approved Nov. 4, 1980; Acts 1993, No. 1046, §1, approved Oct. 16, 1993, eff. Nov. 18, 1993.

The exemption shall be for an initial term of no more than five calendar years, and may be renewed for an additional five years. All property exempted shall be listed on the assessment rolls and submitted to the Louisiana Tax Commission or its successor, but no taxes shall be collected thereon during the period of exemption.

(I)(1) Notwithstanding any contrary provision of this Section, the authority or district charged with economic development of each parish is hereby authorized to enter into contracts for the exemption from parish, municipal, and special ad valorem taxes of goods held in inventory by distribution centers. Failure to receive all required approvals from the tax recipient bodies before entering into a contract shall render the contract null and void and of no effect.

(3) The term "distribution center" as used herein means an establishment engaged in the sale of products for resale or further processing for resale. §22. No Impairment of Existing Taxes or Obligations

Section 22. This Part shall not be applied in a manner which will (a) invalidate taxes authorized and imposed prior to the effective date of this constitution or (b) impair the obligations, validity, or security of any bonds or other debt obligations authorized prior to the effective date of this constitution.

§23. Adjustment of Ad Valorem Tax Millages

Section 23.(A) First Adjustment. Prior to the end of the third year after the effective date of this constitution, the assessors and the Louisiana Tax Commission or its successor shall complete determination of the fair market value or the use value of all property subject to taxation within each parish for use in implementing this Article. Except as provided in this Section, the total amount of ad valorem taxes collected by any taxing authority in the year in which Sections 18 and 20 of this Article are implemented shall not be increased or decreased, because of their provisions, above or below ad valorem taxes collected by that taxing authority in the year preceding implementation. To accomplish this result, it shall be mandatory for each affected taxing authority, in the year in which Sections 18 and 20 of this Article are implemented, to adjust millages upwards or downwards without regard to millage limitations contained in this constitution, and the maximum authorized millages shall be increased or decreased, without further voter approval, in proportion to the amount of the adjustment upward or downward. Thereafter, such millages shall remain in effect unless changed as permitted by this constitution.

(B) Subsequent Adjustments. Except as otherwise permitted in this Section, the total amount of ad valorem taxes collected by any taxing authority in the year in which the reappraisal and valuation provisions of Section 18, Paragraph (F) of this Article are implemented shall not be increased or decreased because of a reappraisal or valuation or increases or decreases in the homestead exemption above or below the total amount of ad valorem taxes collected by that taxing authority in the year preceding implementation of the reappraisal and valuation. To accomplish this result, the provisions of millage adjustments relative to implementation of Section 18 and Section 20 of this Article, as set forth in Paragraph (A) of this Section shall be mandatory. Thereafter, following implementation of each subsequent reappraisal and valuation required by Paragraph (F) of Section 18 of this Article, the millages as fixed in each such implementation shall remain in effect unless changed as permitted by Paragraph (C) of this Section.

(C) Increases Permitted. Nothing herein shall prohibit a taxing authority from collecting, in the year in which Sections 18 and 20 of this Article are implemented or in any subsequent year, a larger dollar amount of ad valorem taxes by (1) levying additional or increased millages as provided by law or (2) placing additional property on the tax rolls. Increases in the millage rate in excess of the rates established as provided by Paragraph (B) above but not in excess of the prior year's maximum authorized millage rate may be levied by two-thirds vote of the total membership of a taxing authority without further voter approval but only after a public hearing held in accordance with the open meetings law; however, in addition to any other requirements of the open meetings law, public notice of the time, place, and subject matter of such hearing shall be published on two separate days no less than thirty days before the public hearing. Such public notice shall be published in the official journal of the taxing authority, and another newspaper with a larger circulation within the taxing authority than the official journal of the taxing authority, if there is one.

(D) Application. This Section shall not apply to millages required to be levied for the payment of general obligation bonds.

§24. Tax Assessors

Section 24.(A) Election; Term. A tax assessor shall be elected by the electors of each parish,

Orleans Parish excepted. His term of office shall be four years. His election, duties, and compensation shall be as provided by law.

(B) Orleans Parish. There shall be seven assessors in New Orleans, who shall compose the Board of Assessors for Orleans Parish. One shall be elected from each municipal district of New Orleans, and each shall be a resident of the district from which he is elected. The assessors shall be elected at the same time as the municipal officers of New Orleans, for terms of four years each. Their duties and compensation shall be as provided by law.

(C) Vacancy. When a vacancy occurs in the office of tax assessor, the duties of the office, until filled by election as provided by law, shall be assumed by the chief deputy assessor, except in Orleans Parish where the Board of Assessors shall appoint an interim assessor.

§25. Tax Sales

Section 25.(A) Tax Sales. (1) There shall be no forfeiture of property for nonpayment of taxes. However, at the expiration of the year in which the taxes are due, the collector, without suit, and after giving notice to the delinquent in the manner provided by law, shall advertise for sale the property on which the taxes are due. The advertisement shall be published in the official journal of the parish or municipality, or, if there is no official journal, as provided by law for sheriffs' sales, in the manner provided for judicial sales. On the day of sale, the collector shall sell the portion of the property which the debtor points out. If the debtor does not point out sufficient property, the collector shall sell immediately the least quantity of property which any bidder will buy for the amount of the taxes, interest, and costs. The sale shall be without appraisalment. A tax deed by a tax collector shall be prima facie evidence that a valid sale was made.

(2) If property located in a municipality with a population of more than four hundred fifty thousand persons as of the most recent federal decennial census fails to sell for the minimum required bid in the tax sale, the collector may offer the property for sale at a subsequent sale with no minimum required bid. The proceeds of the sale shall be applied to the taxes, interest, and costs due on the property, and any remaining deficiency shall be eliminated from the tax rolls.

(B) Redemption. (1) The property sold shall be redeemable for three years after the date of recordation of the tax sale, by paying the price given, including costs, five percent penalty thereon, and interest at the rate of one percent per month until redemption.

(2) In the city of New Orleans, when such property sold is residential or commercial property which is abandoned property as defined by R.S. 33:4720.12(1) or blighted property as defined by Act 155 of the 1984 Regular Session, it shall be redeemable for eighteen months after the date of recordation of the tax sale by payment in accordance with Subparagraph (1) of this Paragraph.

(C) Annulment. No sale of property for taxes shall be set aside for any cause, except on proof of payment of the taxes prior to the date of the sale, unless the proceeding to annul is instituted within six months after service of notice of sale. A notice of sale shall not be served until the final day for redemption has ended. It must be served within five years after the date of the recordation of the tax deed if no notice is given. The fact that taxes were paid on a part of the property sold prior to the sale thereof, or that a part of the property was not subject to taxation, shall not be cause for annulling the

sale of any part thereof on which the taxes for which it was sold were due and unpaid. No judgment annulling a tax sale shall have effect until the price and all taxes and costs are paid, and until ten percent per annum interest on the amount of the price and taxes paid from date of respective payments are paid to the purchaser; however, this shall not apply to sales annulled because the taxes were paid prior to the date of sale.

(D) Quieting Tax Title. The manner of notice and form of proceeding to quiet tax titles shall be provided by law.

(E) Movables; Tax Sales. When taxes on movables are delinquent, the tax collector shall seize and sell sufficient movable property of the delinquent taxpayer to pay the tax, whether or not the property seized is the property which was assessed. Sale of the property shall be at public auction, without appraisal, after ten days advertisement, published within ten days after date of seizure. It shall be absolute and without redemption.

If the tax collector can find no corporeal movables of the delinquent to seize, he may levy on incorporeal rights, by notifying the debtor thereof, or he may proceed by summary rule in the courts to compel the delinquent to deliver for sale property in his possession or under his control.

(F) Postponement of Taxes. The legislature may postpone the payment of taxes, but only in cases of overflow, general conflagration, general crop destruction, or other public calamity, and may provide for the levying, assessing, and collecting of such postponed taxes. In such case, the legislature may authorize the borrowing of money by the state on its faith and credit, by bond issue or otherwise, and may levy taxes, or apply taxes already levied and not appropriated, to secure payment thereof, in order to create a fund from which loans may be made through the Interim Emergency Board to the governing authority of the parish where the calamity occurs. The money loaned shall be applied to and shall not exceed the deficiency in revenue of the parish or a political subdivision therein or of which the parish is a part, caused by postponement of taxes. No loan shall be made to a parish governing authority without the approval of the Interim Emergency Board.

PART III. REVENUE SHARING

§26. Revenue Sharing Fund

Section 26.(A) Creation of Fund. The Revenue Sharing Fund is created as a special fund in the state treasury.

(B) Annual Allocation. The sum of ninety million dollars is allocated annually from the state general fund to the revenue sharing fund. The legislature may appropriate additional sums to the fund.

(C) Distribution Formula. The revenue sharing fund shall be distributed annually as provided by law solely on the basis of population and number of homesteads in each parish in proportion to population and the number of homesteads throughout the state. Unless otherwise provided by law, population statistics of the last federal decennial census shall be utilized for this purpose. After deductions in each parish for retirement systems and commissions as authorized by law, the remaining funds, to the extent

available, shall be distributed by first priority to the tax recipient bodies within the parish, as defined by law, to offset current losses because of homestead exemptions granted in this Article. Any balance remaining in a parish distribution shall be allocated to the municipalities and tax recipient bodies within each parish as provided by law.

(D) Distributing Officer. The funds distributed to each parish as provided in Paragraph (C) shall be distributed in Orleans Parish by the city treasurer of New Orleans and in all other parishes by the parish tax collector. The funds allocated to the Monroe City School Board or its successor shall be distributed to and by the city treasurer of Monroe.

(E) Bonded Debt. A political subdivision, as defined by Article VI of this constitution, may incur debt by issuing negotiable bonds and may pledge for the payment of all or part of the principal and interest of such bonds the proceeds derived or to be derived from that portion of the funds received by it from the revenue sharing fund, to offset current losses caused by homestead exemptions granted by this Article. Unless otherwise provided by law, no moneys allocated within any parish from the balance remaining in its distribution may be pledged to the payment of the principal or interest of any bonds. Bonds issued under this Paragraph shall be issued and sold as provided by law, and shall require approval of the State Bond Commission or its successor prior to issuance and sale.

PART IV. TRANSPORTATION

§27. Transportation Trust Fund

Section 27.(A) Creation of fund. Effective January 1, 1990, there shall be established in the state treasury as a special permanent trust fund the Transportation Trust Fund ("the trust fund") in which shall be deposited the "excess revenues" as defined herein which are a portion of the avails received in each year from all taxes levied on gasoline and motor fuels and on special fuels (said avails being referred to as the "revenues") as provided herein. After satisfying pledges respecting that portion of the revenues attributable to the tax rates in effect at the time of such pledges for the payment of obligations for bonds or other evidences of indebtedness on the effective date of this Section, the treasurer shall allocate such portion of the revenues received in each year as necessary to pay all principal, interest, premium, if any, and other obligations incident to the issuance, security, and payment in respect of bonds as authorized in Paragraph (C) hereof. Thereafter, the portion of the revenues remaining shall be deposited in the Bond Security and Redemption Fund in the state treasury. After (1) the payment of any obligations for bonds or other evidences of indebtedness in existence on the effective date of this Section which are secured by revenues; (2) payments in respect of bonds authorized in Paragraph (C) hereof; and (3) credit to the Bond Security and Redemption Fund, the treasurer shall deposit in and credit to the trust fund all of the revenues remaining (the "excess revenues") from the avails of all taxes levied on gasoline and motor fuels and on special fuels, as follows: for the fiscal year beginning July 1, 1989, the avails of twelve cents per gallon of said taxes received on and after January 1, 1990; for the fiscal year beginning on July 1, 1990, the avails of fourteen cents per gallon of said taxes; for the fiscal year beginning on July 1, 1991, and thereafter, the avails of all taxes levied on gasoline and motor fuels and on special fuels. Purchases of gasoline, diesel fuel, or special fuels which are subject to excise tax under Chapter 7 of Subtitle II of Title 47 of the Louisiana Revised Statutes of 1950 shall be exempt from the state sales tax and any sales tax levied by a political subdivision as defined by Article VI, Section 44(2). All monies appropriated by the Federal Highway Administration and the Federal Aviation Administration, or their successors, either reimbursed or paid directly, shall be paid directly or deposited in and credited to the

trust fund.

(B) The monies in the trust fund shall be appropriated or dedicated solely and exclusively for the costs for and associated with construction and maintenance of the roads and bridges of the state and federal highway systems, the Statewide Flood-Control Program or its successor, ports, airports, transit, state police for traffic control purposes, and the Parish Transportation Fund or its successor and for the payment of all principal, interest, premium, if any, and other obligations incident to the issuance, security, and payment in respect of bonds or other obligations payable from the trust fund as authorized in Paragraph (D) hereof. Unless pledged to the repayment of bonds authorized in Paragraphs (C) or (D) of this Section, the monies in the trust fund allocated to ports, airports, flood control, parish transportation, and state highway construction shall be appropriated annually by the legislature only pursuant to programs established by law which establish a system of priorities for the expenditure of such monies, except that the Transportation Infrastructure Model for Economic Development, which shall include only those projects enumerated in House Bill 17 of the 1989* First Extraordinary Session of the Legislature, shall be funded as provided by law. The state generated tax monies appropriated for ports, Parish Transportation Fund, or its successor, and the Statewide Flood-Control Program, or its successor, and state police for traffic control purposes shall not exceed twenty percent annually of the state generated tax revenues in the trust fund; provided, however, that no less than the avails of one cent of the tax on gasoline and special fuels shall be appropriated each year to the Parish Transportation Fund, or its successor. The annual appropriation for airports shall be a sum equal to, but not greater than, the annual estimated revenue to be derived from the state taxes to be collected and received on aviation fuel. Unencumbered and unexpended balances at the end of each fiscal year shall remain in the trust fund. The earnings realized in each fiscal year on the investment of monies in the trust fund shall be deposited in and credited to the trust fund.

(C) The State Bond Commission or its successor, may issue and sell bonds, notes, or other obligations ("Bonds") secured by a pledge of a portion of the revenues not to exceed the avails of four cents per gallon of the taxes on gasoline and motor fuels and on special fuels received by the state treasurer. Bonds so issued may also be secured by a pledge of all or a portion of excess revenues as additional security therefor, and if so pledged any portion thereof needed to pay principal, interest, or premium, if any, and other obligations incident to the issuance, security, and payment in respect to Bonds may be expended by the treasurer without the need for legislative appropriation. The Bonds may be issued in the manner set forth in this Section to provide for the costs for and associated with construction and maintenance of the roads and bridges of the state and federal highway systems, Statewide Flood-Control Program, ports, airports, and for any other purpose for which monies in the trust fund may be expended as provided by law. Such Bonds shall not be considered to be debt under Article VII, Section 6, unless the provisions of Article VII, Section 6, relative to incurring debt by the state are met, in which case the full faith and credit of the state may also be pledged in addition to the revenues received by the treasurer.

(D) The State Bond Commission or its successor may also issue and sell bonds, notes, or other obligations secured by a pledge of the excess revenues deposited in the trust fund, which shall otherwise be issued in the manner and for the purposes provided for in this Section, and if so pledged any portion thereof needed to pay principal, interest, or premium, if any, and other obligations incident to the issuance, security, and payment in respect thereof may be expended by the treasurer without the need for legislative appropriation.

(E) Bonds, notes, or other obligations issued pursuant to the provisions of Paragraphs (C) or (D) above may be issued in the manner provided by resolution of the State Bond Commission or its successor under the authority of said Paragraphs without compliance with any other requirement of this constitution or law. To that end, said Paragraphs (C) and (D) hereof shall be deemed self-operative.

The treasurer shall pay into the state general fund, from the total proceeds of the first use tax, as imposed by law in 1978 or thereafter such amounts as are necessary to fully reimburse the state general fund for tax credits granted in 1978 against that tax

pursuant to Part I-B of Chapter 6 of Title 47 of the Louisiana Revised Statutes. The remainder of such tax proceeds shall be credited to the following accounts within the First Use Tax Trust Fund and shall not be deposited into the Bond Security and Redemption Fund or the general fund.

(b) Debt Retirement and Redemption Account. All proceeds of this portion of the tax over and above the amount required to be maintained in the Initial Proceeds Account shall be maintained in an account in the First Use Tax Trust Fund to be known as the "Debt Retirement and Redemption Account". Monies in the Debt Retirement and Redemption Account shall be invested and the investment earnings shall accrue to that account. Except for investment, monies on deposit in the Debt Retirement and Redemption Account shall be used only to purchase, in advance of maturity, on the open market any outstanding obligations of the state, or to call, pay or redeem in advance of maturity any outstanding bonds, notes or other evidence of state debt, or both. No purchase or redemption of state debt shall occur with the monies unless the purchase or redemption results in interest savings to the state. The methods used for retiring such future debt shall be determined by the state treasurer, with concurrence of two-thirds of the members of the State Bond Commission acting in open session.

(3) Distribution; conservation account. Twenty-five percent of the proceeds, and interest derived therefrom, shall be deposited into the following account:

(a) Barrier Islands Conservation Account. Twenty-five percent of the proceeds of the tax shall be maintained in an account in the First Use Tax Trust Fund to be known as the "Barrier Islands Conservation Account". Monies in the Barrier Islands Conservation Account shall be invested and the investment earnings shall accrue to that account. Except for investment, monies on deposit in the Barrier Islands Conservation Account shall be used exclusively to fund capital improvement projects designed to conserve, preserve and maintain the barrier islands, reefs, and shores of the coastline of Louisiana. Only such capital improvements contained in the comprehensive capital budget adopted by the legislature each year shall be funded.

(B) Investments. The state treasurer shall invest all monies on deposit in the accounts established under Paragraph (A) in accordance with the law governing the investment of idle funds of the state.

(C) Use of Investment Earnings of Initial Proceeds Account. If in the judgment of the state treasurer the best interest of the state would be served, and only if the Debt Retirement and Redemption Account is depleted or otherwise not funded, the treasurer may, with concurrence of two-thirds of the members of the State Bond Commission, acting in open session, expend the investment earnings which have

accrued in excess of five hundred million dollars in the Initial Proceeds Account for any purpose for which the Debt Retirement and Redemption Account may be used.

(D) The funds deposited in the First Use Tax Trust Fund shall be considered escrowed and shall not be used for the purposes enumerated herein until the proceeds of the first use tax are determined to be available for such uses by the treasurer with concurrence of two-thirds of the members of the State Bond Commission, acting in open session. During the time these funds are escrowed such funds may be ordered remitted upon final action by a court of last resort, with the interest earned thereon, as provided by law, if the tax is held to be invalid as to any taxpayer who has paid the tax.

Added by Acts 1978, No. 797, §1, approved Nov. 7, 1978, eff. Dec. 12, 1978.

NOTE: R. S. 47:1301, et seq. imposing a "first use tax" declared unconstitutional, see Maryland v. Louisiana, 1981, 101 S.Ct. 2114, 451 U.S. 725, 68 L.Ed.2d 576.

In each fiscal year out of the funds remaining in the Bond Security and Redemption Fund, after a sufficient amount has been allocated for the payment of obligations secured by the full faith and credit of the state which become due and payable within the fiscal year, the treasurer shall credit an amount equal to the windfall revenues from oil and gas price deregulation to the Louisiana Investment Fund for Enhancement.

(B) As used in this Section, "windfall revenues from oil and gas price deregulation" means those revenues received by the state in a fiscal year which are in excess of the base for that particular fiscal year, as calculated in accordance with this Paragraph. The base for fiscal year 1981-1982 shall be the estimated level of collections for oil, gas, and other severance taxes and from oil and gas production royalties in fiscal year 1980-1981, which for the purposes hereof shall be one billion eighty-five million dollars, calculated as follows:

(1) Seven hundred sixty million dollars from oil, gas, and other severance taxes; and

(2) Three hundred twenty-five million dollars from oil and gas royalty payments, excluding bonuses and rentals.

In each subsequent fiscal year, the state treasurer shall calculate the windfall revenues from oil and gas price deregulation for that fiscal year by determining a new base as follows: The base for the previous fiscal year shall be multiplied by the most recent annual change in the consumer price index and then the product shall be added to the base for the previous fiscal year.

(C) The state treasurer shall invest the monies in the Louisiana Investment Fund for Enhancement in the manner provided by law. Interest from the investment shall be credited to the general fund.

(D) Monies credited to the Louisiana Investment Fund for Enhancement may be expended only pursuant to an appropriation enacted by the vote of two-thirds of the elected members of each house of

the legislature.

(E) The legislature shall have the authority to enact any legislation with regard to the Louisiana Investment Fund for Enhancement not inconsistent with the provisions of this Section.

(B) Contributions. No person shall solicit contributions for political purposes from any classified employee or official or use or attempt to use his position in the state or city service to punish or coerce the political action of a classified employee.

Each commission is vested with broad and general rulemaking and subpoena powers for the administration and regulation of the classified service, including the power to adopt rules for regulating employment, promotion, demotion, suspension, reduction in pay, removal, certification, qualifications, political activities, employment conditions, compensation and disbursements to employees, and other personnel matters and transactions; to adopt a uniform pay and classification plan; to require an appointing authority to institute an employee training and safety program; and generally to accomplish the objectives and purposes of the merit system of civil service as herein established. It may make recommendations with respect to employee training and safety.

The state and city civil service departments shall accord a five-point preference in original appointment to each person who served honorably in the armed forces of the United States during a war declared by the United States Congress; or in a peacetime campaign or expedition for which campaign badges are authorized; or during war period dates or dates of armed conflicts as provided by state law enacted by two-thirds of the elected members of each house of the legislature. The state and city civil service departments shall accord a ten-point preference in original appointment to each honorably discharged veteran who served either in peace or in war and who has one or more disabilities recognized as service-connected by the Veterans Administration; to the spouse of each veteran whose physical condition precludes his or her appointment to a civil service job in his or her usual line of work; to the unremarried widow of each deceased veteran who served in a war period, as defined above, or in a peacetime campaign or expedition; or to the unremarried widowed parent of any person who died in active wartime or peacetime service or who suffered total and permanent disability in active wartime or peacetime service; or the divorced or separated parents of any person who died in wartime or peacetime service or who became totally and permanently disabled in wartime or peacetime service. However, only one ten-point preference shall be allowed in the original appointment to any person enumerated above. If the ten-point preference is not used by the veteran, either because of the veteran's physical or mental incapacity which precludes his appointment to a civil service job in his usual line of work or because of his death, the preference shall be available to his spouse, unremarried widow, or eligible parents as defined above, in the order specified. However, any such preference may be given only to a person who has attained at least the minimum score required on each test and who

has received at least the minimum rating required for eligibility.

(3) Layoffs; Preference Employees. When a position in the classified service is abolished, or needs to be vacated because of stoppage of work from lack of funds or other causes, preference employees (ex-members of the armed forces and their dependents as described in this Section) whose length of service and efficiency ratings are at least equal to those of other competing employees shall be retained in preference to all other competing employees. However, when any function of a state agency is transferred to, or when a state agency is replaced by, one or more other state agencies, every preference employee in classifications and performing functions transferred, or working in the state agency replaced, shall be transferred to the replacing state agency or agencies for employment in a position for which he is qualified before that state agency or agencies appoint additional employees for such positions from eligible lists. The appointing authority shall give the director written notice of any proposed lay-off within a reasonable length of time before its effective date, and the director shall issue orders relating thereto which he considers necessary to secure compliance with the rules. No rule, regulation, or practice of the commission, of any agency or department, or of any official of the state or any political subdivision shall favor or discriminate against any applicant or employee because of his membership or non-membership in any private organization; but this shall not prohibit any state agency, department, or political subdivision from contracting with an employee organization with respect to wages, hours, grievances, working conditions, or other conditions of employment in a manner not inconsistent with this constitution, a civil service law, or a valid rule or regulation of a commission.

(4) Effect. Rules adopted pursuant hereto shall have the effect of law and be published and made available to the public. Each commission may impose penalties for violation of its rules by demotion in or suspension or discharge from position, with attendant loss of pay.

(B) Investigations. Each commission may investigate violations of this Part and the rules, statutes, or ordinances adopted pursuant hereto.

(C) Wages and Hours. Any rule or determination affecting wages or hours shall have the effect of law and become effective only after approval by the governor or the appropriate governing authority.

§11. Penalties

§12. Appeal

Section 12.(A) State. The State Civil Service Commission shall have the exclusive power and authority to hear and decide all removal and disciplinary cases, with subpoena power and power to administer oaths. It may appoint a referee, with subpoena power and power to administer oaths, to take testimony, hear, and decide removal and disciplinary cases. The decision of a referee is subject to review by the commission on any question of law or fact upon the filing of an application for review with the commission within fifteen calendar days after the decision of the referee is rendered. If an

application for review is not timely filed with the commission, the decision of the referee becomes the final decision of the commission as of the date the decision was rendered. If an application for review is timely filed with the commission and, after a review of the application by the commission, the application is denied, the decision of the referee becomes the final decision of the commission as of the date the application is denied. The final decision of the commission shall be subject to review on any question of law or fact upon appeal to the court of appeal wherein the commission is located, upon application filed with the commission within thirty calendar days after its decision becomes final. Any referee appointed by the commission shall have been admitted to the practice of law in this state for at least three years prior to his appointment.

Section 14.(A) Local Option. Each city having a population exceeding ten thousand but not exceeding four hundred thousand, each parish, and each parish governed jointly with one or more cities under a plan of government, having a population exceeding ten thousand, according to the latest official decennial federal census, may elect to be governed by this Part by a majority vote of its electors voting at an election held for that purpose. The election shall be ordered and held by the city, the parish, or the city-parish, as the case may be, upon (a) the adoption of an ordinance by the governing authority calling the election; or (b) the presentation to the governing authority of a petition calling for such an election signed by electors equal in number to five percent of the registered voters of the city, the parish, or the city-parish, as the case may be.

(B) Acceptance. If a majority of the electors vote to adopt this Part, its provisions shall apply permanently to the city, the parish, or the city-parish, as the case may be, and shall govern it as if this Part had originally applied to it. In such case, all officers and employees of the city, the parish, or the city-parish, as the case may be, who have acquired civil service status under a civil service system established by legislative act, city charter, or otherwise, shall retain that status and thereafter shall be subject to and be governed by this Part and the rules and regulations adopted under it.

§15. City, Parish Civil Service System; Creation; Prohibition

Section 15. Nothing in this Part shall prevent the establishment by the legislature, or by the respective parish governing authority, of a parish civil service system in one or more parishes, applicable to any or all parish employees, except teaching and professional staffs and administrative officers of schools, or the establishment by the legislature or by the respective municipal governing authority of a municipal civil service system in one or more municipalities having a population of less than four hundred thousand, in any manner now or hereafter provided by law. However, paid firemen and paid municipal policemen in a municipality operating a regularly paid fire and police department and having a population exceeding thirteen thousand, and paid firemen in all parishes and in fire protection districts, are expressly excluded from such a civil service system.

§18. Prior Provisions

Section 18. Except as inconsistent with this Part, the provisions of Article XIV, Section 15.1 of the Constitution of 1921 are retained and continued in force and effect as statutes. By law enacted by two-thirds of the elected members of each house, the legislature may amend or otherwise modify any of those provisions, but it may not abolish the system of classified civil service for such firemen and

municipal policemen or make the system inapplicable to any municipality having a population exceeding thirteen thousand according to the latest decennial federal census or to any parish or fire protection district operating a regularly paid fire department. However, in a municipality having a population exceeding four hundred thousand, paid firemen and municipal policemen shall be included if a majority of the electors therein voting at an election held for that purpose approve their inclusion. Such an election shall be called by the governing authority of the affected city within one year after the effective date of this constitution.

§19. Exclusion

Section 19. Nothing in Part I of this Article authorizing cities or other political subdivisions to be placed under the provisions of said Part by election, act of the legislature, or ordinance of the local governing authority shall authorize the inclusion in a city civil service system of firemen and policemen in any municipality having a population greater than thirteen thousand but fewer than four hundred thousand and operating a regularly paid fire and municipal police department or in any parish or fire protection district operating a regularly paid fire department. Such firemen and policemen are expressly excluded from any such system.

The concurrence of two-thirds of the elected senators shall be necessary to convict. The Senate may try an impeachment whether or not the House is in session and may adjourn when it deems proper. Conviction upon impeachment shall result in immediate removal from office. Nothing herein shall prevent other action, prosecution, or punishment authorized by law.

§25. Removal by Suit; Officials Subject

§26. Recall

Section 26. The legislature shall provide by general law for the recall by election of any state, district, parochial, ward, or municipal official except judges of the courts of record. The sole issue at a recall election shall be whether the official shall be recalled.

§27. Filling of Vacancies

Section 27.(A) Gubernatorial Appointment; Election. If no other provision therefor is made by this constitution, by statute, by local government charter, by home rule charter or plan of government, or by ordinance, the governor may fill a vacancy occurring in any elective office. When a vacancy occurs in the office and the unexpired portion of the term exceeds one year, the vacancy shall be filled at an election, as provided by law, and the appointment shall be effective only until a successor takes office.

(B) Qualifications. Nothing in this Section shall change the qualifications for any office, and every appointee must be otherwise eligible to hold the office to which appointed.

§28. Definition of Vacancy

Section 28. A vacancy, as used in this Constitution, shall occur in the event of death, resignation, removal by any means, or failure to take office for any reason.

§29. Retirement and Survivor's Benefits

Section 29.(A) Public School Employees. The legislature shall provide for retirement of teachers and other employees of the public educational system through establishment of one or more retirement systems. Membership in such a retirement system shall be a contractual relationship between employee and employer, and the state shall guarantee benefits payable to a member or retiree or to his lawful beneficiary upon his death.

(B) Other Officials and Employees. The legislature shall enact laws providing for retirement of officials and employees of the state, its agencies, and its political subdivisions, including persons employed jointly by state and federal agencies other than those in military service, through the establishment of one or more retirement systems. Membership in any retirement system of the state or

of a political subdivision thereof shall be a contractual relationship between employee and employer, and the state shall guarantee benefits payable to a member of a state retirement system or retiree or to his lawful beneficiary upon his death.

(C) Retirement Systems; Change; Notice. No proposal to effect any change in existing laws or constitutional provisions relating to any retirement system for public employees shall be introduced in the legislature unless notice of intention to introduce the proposal has been published, without cost to the state, in the official state journal on two separate days. The last day of publication shall be at least thirty days before introduction of the bill. The notice shall state the substance of the contemplated law or proposal, and the bill shall contain a recital that the notice has been given.

(D) Compensation for Survivors of Law Enforcement Officers and Firemen. The legislature shall establish a system, including the expenditure of public funds, for compensating the surviving spouses and dependent children of law enforcement officers, firemen, and personnel, as defined by law, who die, or who died after June 30, 1972, as a result of injury sustained in the performance of official duties or in the protection of life or property while on or off duty.

(E) Actuarial Soundness. (1) The actuarial soundness of state and statewide retirement systems shall be attained and maintained and the legislature shall establish, by law, for each state or statewide retirement system, the particular method of actuarial valuation to be employed for purposes of this Section.

(2) For public retirement systems whose benefits are guaranteed by this constitution as is specified in Paragraphs (A) and (B) of this Section:

(a) The legislature shall, by law, determine and set all required contributions to be made by members. However, until the unfunded accrued liability referenced in (c) below is eliminated, this determination and setting shall not cause the ratio of employee contributions to total contributions, on the basis of each particular plan or classification within each particular retirement system, to exceed such ratio as it existed on January 1, 1987. Upon elimination of the unfunded accrued liability referenced in (c) below, this determination and setting shall not cause a member's contribution to exceed an amount contributed on his behalf as an employer contribution.

(b) The legislature shall, in each fiscal year, by law, provide an amount necessary to fund the employer portion of the normal cost, which shall be determined in accordance with the method of valuation established under (1) above.

(c) The legislature shall, in each fiscal year, by law, provide for the amortization of the unfunded accrued liability existing as of June 30, 1988, which shall be determined in accordance with the method of valuation selected in (1) above, by the year 2029, commencing with Fiscal Year 1989-1990.

(d) Amounts provided for under (b) and (c) above are hereby guaranteed payable, each fiscal year, to each retirement system covered herein. If, for any fiscal year, the legislature fails to provide these guaranteed payments, upon warrant of the governing authority of the retirement system, following the close of said fiscal year, the state treasurer shall pay the amount guaranteed directly from the state general fund.

(3) For statewide public retirement systems not covered by Paragraphs (A) and (B) of this Section, the legislature shall determine all required contributions to be made by members, contributions to be made by employers, and dedicated taxes required for the sound actuarial maintenance of the systems, including the elimination of the unfunded accrued liability as of the end of the 1988-1989 Fiscal Year, under the method of valuation selected under (1) above, by the year 2029, commencing with Fiscal Year 1989-1990.

(4) For all state and statewide public retirement systems, neither the state nor the governing authority of such system shall take any action that shall cause the actuarial present value of expected future expenditures of the retirement system to exceed or further exceed the sum of the current actuarial value of assets and the actuarial present value of expected future receipts of the retirement system, except with respect to the following:

(a) Normal business operating expenses of the retirement system.

(b) Capital outlay expenditures of the retirement system.

(c) Management of investments of the retirement system.

(d) Cost-of-living increases to retirees, as provided by law, provided the retirement system is approaching actuarial soundness as provided by law, and the granting of such increase does not cause an increase in the actuarially required contribution rate.

(5) All assets, proceeds, or income of the state and statewide public retirement systems, and all contributions and payments made to the system to provide for retirement and related benefits shall be held, invested as authorized by law, or disbursed as in trust for the exclusive purpose of providing such benefits, refunds, and administrative expenses under the management of the boards of trustees and shall not be encumbered for or diverted to any other purpose. The accrued benefits of members of any state or statewide public retirement system shall not be diminished or impaired. Future benefit provisions for members of the state and statewide public retirement systems shall only be altered by legislative enactment.

(B) The provisions of Paragraph (A) shall not apply to any person who is serving on January 1, 1997, in any elected or appointed position set forth in Paragraph (A) and who is also a member on January 1, 1997 of a retirement system covering that position.

(B) Implementation. The provisions of this Part IV shall become effective on January 1, 1991; however, prior to that date members of the State Police Commission shall be selected and take office and shall adopt rules and take actions necessary to implement this Part on January 1, 1991.

One member of the commission shall be elected by the classified state police officers of the state from their number as provided by law. A vacancy for any cause shall be filled by appointment or election in accordance with the procedure or law governing the original appointment or election, and from the same source. Within thirty days after a vacancy occurs, the president concerned shall submit the required nominations. Within thirty days thereafter, the governor shall make his appointment. If the governor fails to appoint within thirty days, the nominee whose name is first on the list of nominees automatically shall become a member of the commission. If any nominating authority fails to submit nominees in the time required, or if one of the named institutions ceases to exist, the governor shall make the appointment to the commission.

(D) Removal. An appointed member of the commission may be removed by the governor for cause after being served with written specifications of the charges against him and being afforded an opportunity for a public hearing thereon by the governor.

The number to be certified shall not be less than three; however, if more than one vacancy is to be filled, the name of one additional person eligible for each vacancy may be certified. The commission shall adopt rules for the method of certifying persons eligible for appointment, promotion, reemployment, and reinstatement and shall provide for appointments defined as emergency and temporary appointments if certification is not required.

Added by Acts 1990, No. 1106, §1, approved Oct. 6, 1990, eff. Jan. 1, 1991.

A classified state police officer subjected to such disciplinary action shall have the right of appeal to the commission. The burden of proof on appeal, as to the facts, shall be on the appointing authority.

(B) Discrimination. No classified state police officer shall be discriminated against because of his political or religious beliefs, sex, or race. A classified state police officer so discriminated against shall have the right of appeal to the commission. The burden of proof on appeal, as to the facts, shall be on the state police officer.

Added by Acts 1990, No. 1106, §1, approved Oct. 6, 1990, eff. Jan. 1, 1991.

§47. Prohibitions Against Political Activities

Section 47.(A) Party Membership; Elections. No member of the commission and no state police officer in the classified service shall participate or engage in political activity; be a candidate for nomination or election to public office except to seek election as the classified state police officer serving on the State Police Commission; or be a member of any national, state, or local committee of a political party or faction; make or solicit contributions for any political party, faction, or candidate; or take active part in the management of the affairs of a political party, faction, candidate, or any political campaign, except to exercise his right as a citizen to express his opinion privately, to serve as a commissioner or official watcher at the polls, and to cast his vote as he desires.

(B) Contributions. No person shall solicit contributions for political purposes from any classified state police officer or use or attempt to use his position to punish or coerce the political action of a classified state police officer.

(C) Political Activity Defined. As used in this Part, "political activity" means an effort to support or oppose the election of a candidate for political office or to support a particular political party in an election. The support or opposition of a candidate seeking election as the classified state police officer member of the State Police Commission, issues involving bonded indebtedness, tax referenda, or constitutional amendments shall not be prohibited.

Added by Acts 1990, No. 1106, §1, approved Oct. 6, 1990, eff. Jan. 1, 1991.

§48. Rules; Investigations; Wages and Hours

Section 48.(A) Rules. (1) Powers. The commission is vested with broad and general rulemaking and subpoena powers for the administration and regulation of the classified state police service, including the power to adopt rules for regulating employment, promotion, demotion, suspension, reduction in pay, removal, certification, qualifications, political activities, employment conditions, compensation and disbursements to employees, and other personnel matters and transactions; to adopt a uniform pay and classification plan; to require an appointing authority to institute an employee training and safety program; and generally to accomplish the objectives and purposes of the merit system of state police service as herein established. It may make recommendations with respect to employee training and safety.

(2) Veterans. The director shall accord a five-point preference in original appointment to each person honorably discharged, or discharged under honorable conditions from the armed forces of the United States who served in the Vietnam Era from July 1, 1958 through May 7, 1975, except the period of July 1, 1958 through August 4, 1964, shall apply only to those who served within the area known as the Vietnam Theater, or in a peacetime campaign or expedition for which campaign badges are authorized. The director shall accord a ten-point preference in original appointment to each honorably discharged veteran who served either in peace or in war and who has one or more disabilities recognized as service-connected by the Veterans Administration; to the spouse of each veteran whose physical condition precludes his or her appointment to the state police service; to the unremarried widow of each deceased veteran who served in a war period, as defined above, or in a peacetime campaign or expedition; or to the unremarried widowed parent of any person who died in active wartime or peacetime service or who suffered total and permanent disability in active wartime or peacetime service; or the divorced or separated parents of any person who died in wartime or peacetime service or who became totally and permanently disabled in wartime or peacetime service. However, only one ten-point preference shall be allowed in the original appointment to any person enumerated above. If the ten-point preference is not used by the veteran, either because of the veteran's physical or mental incapacity which precludes his appointment to the classified state police service or because of his death, the preference shall be available to his spouse, unremarried widow, or eligible parents as defined above, in the order specified. However, any such preference may be given only to a person who has attained at least the minimum score required on each test and who has received at least the minimum rating required for eligibility.

(3) Layoffs; Preference Employees. When a position in the classified state police service is abolished, or must be vacated because of stoppage of work from lack of funds or other causes, preference employees (ex-members of the armed forces and their dependents as described in this Section) whose length of service and efficiency ratings are at least equal to those of other competing employees shall be retained in preference to all other competing employees. However, when any function of the state police is transferred to, or when the state police is replaced by, one or more other state agencies, every preference employee in classifications and performing functions transferred, or working in the state police, shall be transferred to the replacing state agency or agencies for employment in a position for which he is qualified before that state agency or agencies appoint additional employees for such positions from eligible lists. The appointing authority shall give the commission written notice of any proposed lay-off within a reasonable length of time before its effective date, and the commission shall issue orders relating thereto which it considers necessary to secure compliance with the rules. No rule, regulation, or practice of the commission, of any agency or department, or of any official of the state shall favor or discriminate against any applicant or employee because of his membership or nonmembership in any private organization; but this shall not prohibit the Department of Public Safety and Corrections, office of state police, or its successor, from contracting with an employee organization with respect to wages, hours, grievances, working conditions, or other conditions of employment in a manner not inconsistent with this constitution, law, or a valid rule or regulation of the commission.

(4) Effect. Rules adopted pursuant hereto shall have the effect of law and be published and made available to the public. The commission may impose penalties for violation of its rules by demotion in or suspension or discharge from position, with attendant loss of pay.

(B) Investigations. The commission may investigate violations of this Part and the rules, statutes, or

ordinances adopted pursuant hereto.

(C) Wages and Hours. Any rule or determination affecting wages or hours shall have the effect of law and become effective only after approval by the governor and subject to appropriation of sufficient funds by the legislature.

Added by Acts 1990, No. 1106, §1, approved Oct. 6, 1990, eff. Jan. 1, 1991.

§50. Appeal

Section 50. The State Police Commission shall have the exclusive power and authority to hear and decide all removal and disciplinary cases, with subpoena power and power to administer oaths. It may appoint a referee to take testimony, with subpoena power and power to administer oaths to witnesses. The decision of the commission shall be subject to review on any question of law or fact upon appeal to the court of appeal wherein the commission is located, upon application filed with the commission within thirty calendar days after its decision becomes final.

Added by Acts 1990, No. 1106, §1, approved Oct. 6, 1990, eff. Jan. 1, 1991.

§51. Appropriations

Section 51. The legislature shall make adequate appropriations to the State Police Commission to enable it to implement this Part efficiently and effectively. The amount so appropriated shall not be subject to veto by the governor.

Added by Acts 1990, No. 1106, §1, approved Oct. 6, 1990, eff. Jan. 1, 1991; Acts 1997, No. 1489, §5, approved Oct. 3, 1998, eff. Nov. 5, 1998.

The legislature may provide for the creation and operation of a state lottery and may create a special corporation for that purpose whose employees shall not be subject to state civil service. The net proceeds from the operation of the lottery shall be deposited in a special fund created in the state treasury entitled the Lottery Proceeds Fund. Amounts deposited in the fund shall not be appropriated for expenditure in the same calendar year in which they are received. The legislature may appropriate from the fund for any purpose.

A law providing for the creation and operation of a state lottery, once enacted, may be modified only by a law enacted by two-thirds of the elected members of each house but may be repealed in its entirety by a law enacted by a majority thereof. If such a law has been repealed, the legislature thereafter may provide for the creation and operation of a state lottery only by law enacted by two-thirds of the elected members of each house.

No state general funds may be expended for the primary purpose of inducing persons to participate in the lottery. However, state general funds may be expended for the purpose of reasonably informing the public solely about the following factors pertaining to the operation and administration of the lottery:

In addition, no license or permit regardless of when issued shall be reissued, amended, or replaced to authorize the holder to conduct riverboat gaming, gambling, or wagering operations or activities at a berth or docking facility different from that authorized in the license or permit, unless a referendum election on a proposition to allow such gaming, gambling, or wagering operations or activities has been held in the parish in which the proposed berth or docking facility is located and the proposition has been approved by a majority of those voting thereon.

(3) The legislature may at any time repeal statutes authorizing gaming, gambling, or wagering.

(1) Notwithstanding any other provision of this constitution to the contrary, and subject to the conditions contained in this Section, the legislature by law may create a private, nonprofit corporation to provide workers' compensation insurance and to deliver related

services as provided by law.

(2) Once the full faith and credit of the state for the payment of the corporation's legal obligations is extinguished, and the corporation provides security, as required by law, to hold the state harmless from all claims arising from any legal obligation of the corporation to which the full faith and credit of the state is applicable, including all costs associated therewith:

(a) This private corporation may not be dissolved or otherwise terminated by the repeal of the statutes enabling its creation or by the passage of other legislation providing for its dissolution or termination.

(b) Exclusive power to dissolve or otherwise terminate the corporation shall rest solely with the commissioner of insurance or the corporation's policyholders. Such dissolution or termination shall be in accordance with law.
